1999 Recreational Fishing Regulations Summary

- 
- ***New Northwestern Ontario Regulations***
 - ***More Trout Fishing Opportunities***
 - ***Ontario Record Fish Registry***
 - ***Family Fishing Programs***
 - ***Fish and Wildlife Conservation Print Offer***

Ontario Residents –

What are you waiting for?

To catch 'em you'll need your Outdoors Card first!

If you haven't renewed your Outdoors Card and licences...

Call 1-800-288-1155 today.

Just have your old Outdoors Card, VISA or MasterCard handy and follow the simple instructions.

River Run (Brook Trout)

Land This Special Offer!

World renowned wildlife artist Michael Dumas was commissioned to create the magnificent images on the new Outdoors Cards.

NOW... these beautiful fine art prints are available to enjoy in your home or cottage. **PLUS** you get the great feeling of supporting Ontario's fish and wildlife.

All proceeds from the sale of these prints go directly to fish and wildlife management.

Introductory Price

\$12.50 or \$20.00 for both

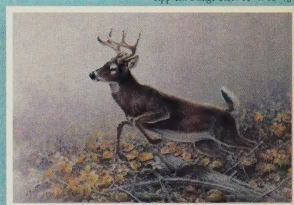

Michael Dumas

"My contributions to wildlife conservation can never be as great as the pleasure I get out of enjoying Ontario's vast wealth of wildlife year after year. I hope my art will inspire you to join me in supporting Fish and Wildlife management in Ontario."

Order your fine art prints today simply by calling:
1-800-667-1940

Please have your VISA or MasterCard ready.

Catch the Adventure . . . Fish Ontario!

Fishing in Ontario is always an adventure. You can simply drop a line off the end of a dock; or you can try your hand at jigging for walleye on a clear northern lake, fly fishing for trout on a quiet stream, down-rigging for Great Lakes salmon and trout, ice fishing for jumbo perch or lake trout, or searching out trophy northern pike and muskie. The opportunities are limitless, with four Great Lakes, more than 250,000 inland lakes, and countless rivers and streams to choose from.

The natural beauty of Ontario's scenic waterways and wilderness areas helps make any fishing trip an enjoyable and memorable event. And who could forget the aroma of freshly caught pan-fried walleye sizzling over a campfire? Sharing these experiences with friends and family is a wonderful way to pass on the traditions of fishing. It's also an opportunity to pass on the importance of conservation.

We can all play a role in keeping Ontario's fisheries healthy and thriving. In fact, just by purchasing an Ontario fishing licence you are making a contribution to conservation. Every dollar spent on fishing and hunting licences goes into a special purpose account that is used solely for managing fish and

wildlife. The provincial Fish and Wildlife Advisory Board, made up of members of the public, advises me on how to put these funds to the best use.

In addition, the government has committed an extra \$10 million in funding for fish and wildlife protection and enhancement projects over the next three years. We've also made some changes to Ontario's fishing regulations this year, in consultation with local advisory committees and conservation clubs, which will help keep our fisheries sustainable while at the same time increasing angling opportunities.

Government can't do it alone, and partnerships are playing a greater role in conservation than ever before. Last year, more than 6,000 volunteers contributed over 75,000 hours to conservation projects under the Community Fisheries and Wildlife Involvement programs. Their efforts are making a tremendous difference to habitat improvement, fish stocking and fisheries assessment across the province.

Working together - as groups and individuals - we can all make a difference. Please read this guide carefully. By following the regulations and advice it contains, you will help keep Ontario's recreational fishery healthy and abundant for future generations to enjoy.

Have a great '99 season.

The Honourable John C. Snobelen
Minister of Natural Resources

Important Notice

This booklet is prepared for convenience only and contains legislation summarized from the Game and Fish Act and regulations under the Game and Fish Act and from the Federal Fisheries Act and the Ontario Fishery Regulations. Some of the regulations referred to in this summary were in the final stages of federal approval at the time of printing and will not be enforced until they come into effect. For further information on the status of specific regulations, please contact a local MNR office. For more information about obtaining copies of these Acts and Regulations contact the Ministry of Natural Resources, Fish and Wildlife Branch, Fisheries Section, Peterborough, Ontario.

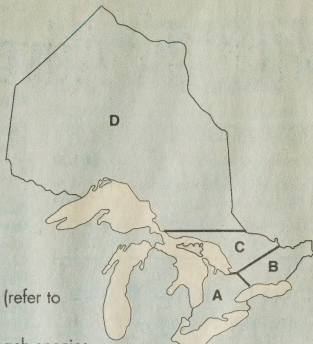

How To Use This Summary

1. Ensure that you have the right kind of fishing licence (pages 1-3)
2. Ensure that you comply at all times with the General Fishing Regulations (pages 3-9)
3. Refer to the map at the area where you plan to fish:

Southwestern Ontario	Map A	Page 18
Southeastern Ontario	Map B	Page 26
Central Ontario	Map C	Page 32
Northern Ontario	Map D	Page 43

For each map area ensure that you are:

- fishing during an open season for the species you intend to fish for (refer to the Open Season Guide)
 - complying with the catch and possession limits, and size limits for each species of fish (listed for each map area)
 - complying with the exceptions listed for the lake, stream or general area in which you will be fishing (refer to tables entitled Exceptions to the General Regulations)
4. If you are not sure whether you can fish at a certain time and place, or if you have any questions about the regulations, contact the local Ministry of Natural Resources office. (see page 70)

Fishing Licences

Most people need a licence to fish in Ontario. You can purchase a licence at many tourist outfitters' camps and lodges, summer camps, hotels and sporting goods dealers. Some local Ministry of Natural Resources (MNR) offices also issue licences.

Your licence must be signed and have all appropriate tags attached to it in order to be valid. Read the details below carefully to find out what kind of licence and tag(s) you need. Your licence is not transferable; that is, you cannot lend it to anyone.

Remember to carry your licence with you at all times when fishing. If a Conservation Officer asks to see your licence, the law states that you must show it.

Holders of an Outdoors Card must notify the ministry of any change in the information (address) no later than 10 days after the change occurs.

If any part of your licence (Outdoors Card, paper permit, or tag) is lost, stolen or destroyed you may get a replacement by contacting the Outdoors Card Centre (1-800-387-7011).

You will receive a replacement for the card and any three-year licence tags. If you lose your Outdoors Card and annual licence tags, you must complete an application for a search for a fee of \$7.75. The card and any annual licence tags will be replaced for the above fee. If you lose a game seal, contact the local MNR office.

Licences for Ontario and Canadian Residents

An Ontario resident is someone who has lived in Ontario for at least seven consecutive months during the 12 months prior to purchasing a licence. A Canadian resident is someone who has lived in any part of Canada for at least seven consecutive months during the 12 months prior to purchasing a licence. Ontario and Canadian Residents need a Resident Fishing Licence; a Conservation licence has reduced catch and possession limits. **To purchase either of these licences, Ontario and Canadian residents must have an Outdoors Card (or a temporary permit and application form).** Prices (including 7% Federal GST) are as follows:

Outdoors Card (valid for 3 years)	\$6.00
Resident Seasonal Fishing Licence	\$15.00
Resident Conservation Fishing Licence	\$7.50
Resident 1 Day Fishing Licence	\$10.00

You do not need a Resident Fishing Licence if you are:

- under 18 years old; or
- 65 years old or older; or
- a disabled person who is an Ontario resident. A disabled person under these regulations is someone who is eligible for and is in possession of either a CNIB National Identity Card or a Ministry of Transportation disabled person parking permit or a photocopy of same. A person carrying a photocopy of the permit may be asked to show the original permit at a later date. Also, a person who has an intellectual impairment and requires the assistance of

another person in order to fish may fish without a licence. **[NOTE:** the disability exemption is not available to Canadian residents living outside of Ontario.]

People who fall into one of the above categories are considered to be licence holders. They have all the same rights and responsibilities, including catch and possession limits, as people who have purchased a Resident Seasonal Fishing Licence.

Except as provided for in some specific cases for conservation reasons, members of Ontario Aboriginal Communities having established aboriginal and treaty rights do not require an Ontario fishing licence to fish for personal use (food, social, or ceremonial purposes) on their home reserve or within their known treaty or traditional territory. Individuals must be prepared to provide identification showing their community membership. Please contact your local MNR office if you need more information.

Licences for Non-Residents (Living Outside Canada)

Anyone who is not an Ontario resident or Canadian resident under the above rules is considered a non-resident. Non-residents under 18 may fish without a licence if accompanied by a licensed adult. Any fish caught will legally be part of the catch and possession limit of the person who holds the licence. Non-residents under 18 may purchase a licence and any fish caught apply to the catch and possession limit of the licence.

Organized camp youth groups, of at least five people (under 18 years), can each obtain a Member of an Organized Camp Licence that allows them to fish for up to 21 days when accompanied by an adult with a fishing licence.

Non-residents 65 years or older are not exempt from licensing.

Non-Resident Fishing Licence fees, in Canadian funds, including 7% Federal GST are as follows:

Annual Licence	\$55.00
Annual Conservation Licence	\$33.00
7-Day Licence	\$35.00
7-Day Conservation Licence	\$21.00
Spousal Licence (2 people)	\$80.00
Member of Organized Camp Licence (per child)	\$ 4.00
Lake St. Joseph tag .. [see Lake St. Joseph, p. 55]	

Licences for Border Waters

Provincial Border Waters

Ontario-Manitoba Border: You may fish in the following lakes with either an Ontario or a Manitoba fishing licence: Div. 22 - Davidson, High, Manitoia, and Ryerson Lakes; Div. 24 - Moor Lake; Div. 31 - Frances and Garner Lakes.

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

There is no longer a spousal exemption for persons fishing under the authority of a Quebec Resident Fishing Licence. A spouse who is fishing with the holder of a Quebec Resident Fishing Licence, must now have their own licence.

International Border Waters

Except as described below, holders of Non-Resident Fishing Licences may only catch and release fish, and may not catch and retain fish of any species in the area highlighted on the following map.

Non-resident Tourism Guests or Property Owners:

The holder of a non-resident fishing licence who is STAYING OVERNIGHT at an Ontario tourist establishment, houseboat, recreational fishing site, parcel of land, or provincial park as described below, AND HAS ON HIS OR HER PERSON THE DOCUMENTATION DESCRIBED BELOW, may catch and retain standard limits of fish pertaining to the licence held and the water body fished:

- a written contract for accommodation with a tourist establishment that meets minimum standards set in regulation by the Ministry of Economic Development, Trade and Tourism, or a written contract for the rental of a commercial houseboat licensed or registered in Ontario under the Canada Shipping Act;

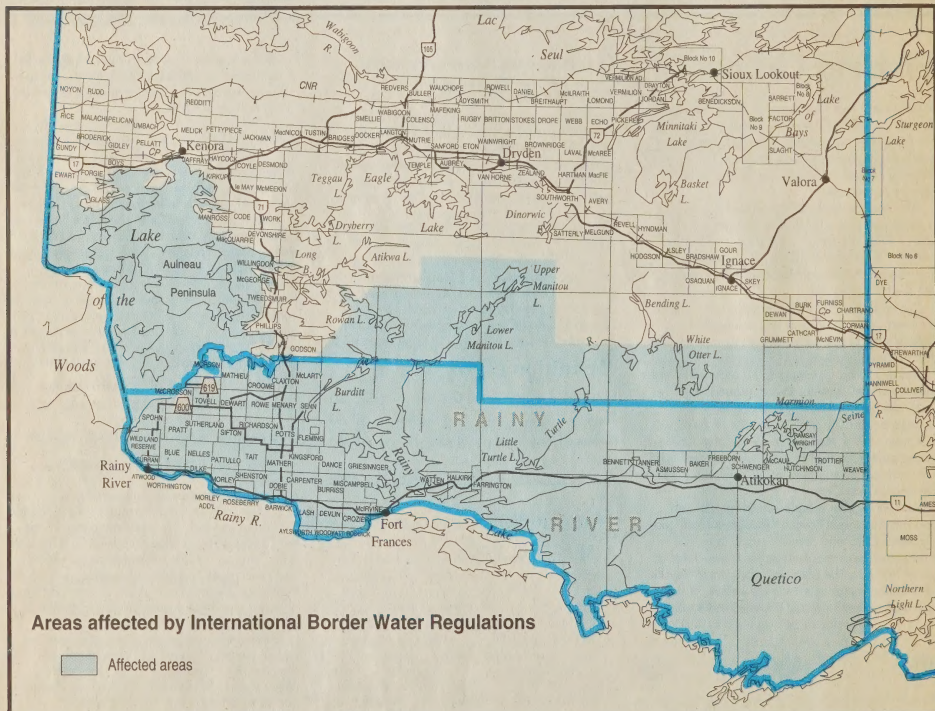

- a written contract with an air carrier licensed by the Canadian Transport Commission and Transport Canada for air transportation to and from a recreational fishing site within the area highlighted on the map;

- written evidence that the holder of the licence is an owner, or the grandparent, parent, spouse, child, brother, sister or grandchild of an owner, of a parcel of land located within the Territorial District of Rainy River and that portion of the Territorial District of Kenora lying south of the Canadian National Railway mainline (see map below);

- a valid campsite or interior camping permit issued by an Ontario Provincial Park;
- a written contract for services provided by a canoe trip outfitter licensed by the Ministry of Economic Development, Trade and Tourism;
- a letter of authority from the local MNRR District Manager identifying them as members of charitable or philanthropic groups.

Non-resident Holders of a Border Water Conservation Tag:

The holder of a non-resident fishing licence that has a Rainy River/Lake of the Woods Border Water Conservation Tag affixed to the back of it may catch and retain the associated limits of fish shown on p. 7, in the border waters of Lake of the Woods, Shoal Lake (in the Territorial District of Kenora), Cul de Sac Lake, Obabik Lake and Rainy River from Wheeler's

Point upstream to the Fort Frances dam if the holder of the licence is staying overnight at an Ontario location and has in possession written evidence of that fact or a valid Crown Land Camping Permit.

The holder of a non-resident fishing licence that has a South Arm Rainy Lake Border Water Conservation Tag affixed to the back of it may catch and retain the associated limits shown on p. 7, in the waters of the South Arm of Rainy Lake lying south of King's Highway Number 11, upstream to Squirrel Falls, and upstream to Devil's Elbow on the Seine River, and including the portions of Rice Bay, Rocky Islet Bay and Moran Bay lying north of King's Highway Number 11, and the waters of Rainy River lying downstream to the Fort Frances dam.

Prices for Border Water Conservation Tags (including 7% Federal GST) are as follows:

Rainy River/Lake of the Woods
Border Water Conservation Tag, \$10.00

South Arm Rainy Lake
Border Water Conservation Tag, \$10.00

Fishing Laws

Fishing in Ontario is regulated by both federal and provincial laws. These laws are designed to protect Ontario's fisheries, allowing recreational and commercial fishers fair use of them now, while preserving them for the future. All fishers have the responsibility of obeying these laws.

It is against the law to catch, try to catch, or possess any species if it is against fishery regulations to do so. If you catch a fish illegally, return it immediately to the water (see *Tips on Live Release Fishing* on p. 8).

Federal Law

The main federal law with respect to fishing is the Fisheries Act, which protects and conserves fish and fish habitat. The Fisheries Act defines fish habitat as "spawning grounds and nursery, rearing, food supply and migration areas on which fish depend directly or indirectly, in order to carry out their life processes." It is illegal to harm fish habitat. Note that Ontario Conservation Officers are also Fishery Officers with power to enforce the Fisheries Act.

The penalties for fishing offences against the Fisheries Act can include a fine of up to \$500,000, a prison term of up to 24 months, or both. The penalties for harmful alteration, disruption or destruction of fish habitat can include a fine of up to \$1,000,000 or imprisonment for up to three years, or both.

To enforce the Fisheries Act, the law permits a fishery officer to:

- enter and inspect, without a warrant, any place, premises, vehicle or vessel if the officer has reasonable grounds to believe there are any fish, fishing equipment, or related documents present, in order to ensure compliance with the Act;
- arrest, without a warrant, anyone the officer believes on reasonable grounds is committing (or has committed, or is preparing to commit) an offence against the Act;
- enter and pass through or over private property in the course of duty.

Provincial Law

The main provincial law with respect to fishing is the Game and Fish Act, which deals with licensing of fisheries. The Game and Fish Act is enforced by Conservation Officers and Deputy Conservation Officers. Under the Game and Fish Act, a Conservation Officer may:

- arrest anyone found contravening the Act;
- stop a vehicle or vessel to determine if the occupants have been hunting, fishing, or to determine the number and species taken.

If the officer believes, on reasonable grounds, that someone illegally possesses fish, the officer is authorized to do any of the following without a search warrant:

- stop, enter and search any aircraft, vehicle or vessel;
- enter and search any fishing, hunting, mining, lumber or construction camp;
- open and inspect any trunk, box, bag, parcel or other container.

If the officer finds any fish caught or held illegally, or any equipment, vehicle, vessel or other item used to commit the offence, the officer may seize them without a warrant.

Conservation Officers operate random "Fish Check Stations" throughout the year. These stations are intended to protect and manage Ontario's fisheries, to collect information on fish caught by recreational fishers in the province and to make sure the regulations are obeyed.

It is expected that during 1999, the Fish and Wildlife Conservation Act, will come into force, replacing the Game and Fish Act. This new legislation will provide an important tool in support of the conservation and management of the province's valuable fish and wildlife resources.

General Fishing Regulations

Definition of Angling

The Ontario Fishery Regulation's definition of angling is as follows, "angling means fishing with a line to which one or more hooks are attached and that is held in the hand or is attached to a rod that is held in the hand or closely attended."

Non-Angling Methods of Capturing Fish

Persons with a valid Resident Fishing Licence may fish using angling gear, one bait/fish trap, one dip-net, one seine, bow and arrow and spear; restrictions on non-angling activities are outlined on p. 4. These licence holders may also obtain, without charge from MNR offices, the permit required to dip-net for pink salmon, whitefish and herring in specified areas of the province.

Persons with a valid Non-Resident Fishing Licence may fish with the following gear, in addition to using angling gear:

- a dip-net for smelt;
- a seine net for smelt;
- a bow and arrow for carp, sucker and coarse fish, under the conditions outlined on p. 4.

Before fishing, check the Map Regulations for the area you will be fishing in for any exceptions or extra restrictions.

It is illegal to:

- fish with or possess a spring gaff;
- fish with or possess a baited or unbaited snag-gear for use in fishing;
- fish with or possess a snare for use in fishing;
- fish with a spear gun or possess a spear gun for the purpose of fishing;
- possess a spear for the purpose of fishing on or within 30 m (98.2 ft) of the edge of any waters except when fishing in accordance with the regulations in the following table;
- catch or kill a fish by impaling or snagging it with a hook through any part of the body other than the mouth. Any fish hooked in this way must be released immediately (see *Tips on Live Release of Fish* on p. 8);
- use or possess a landing net with a frame greater than 127 cm (50 in.) in circumference, or a handle longer than 51 cm (20 in.) in the following waters or their tributaries: Pretty River; Batteaux River; Silver Creek in the Counties of Simcoe and Grey, Division 4;
- use artificial lights for fishing except:
 - to fish for smelt, or to fish for lake whitefish or lake herring with a dip-net
 - if the light is part of a lure attached to a line used in angling;
- use dynamite or other explosives to take or destroy fish;
- fish within 25 m (81.8 ft.) of a pound net or fish culture cage;
- fish within 22.9 m (75 ft.) downstream from the lower entrance to a lamprey barrier, fishway or any device designed to assist fish around an obstacle.

Fishing Seasons

It is illegal to attempt to catch fish for which the season is closed, even if you are going to release them. Fishing season opening and closing dates vary depending on the species and the area. These regulations protect fish at vulnerable times of the year, especially when they are spawning or protecting their young. For example, if adult bass are caught in the spring, the eggs and young bass are left unprotected, and are likely to be eaten by predators. To prevent large losses to these populations, the bass fishing season in most areas begins at the end of June, after the young are large enough to fend for themselves.

Please see the Map Specific Regulations to determine the fishing seasons for waterbodies in Maps A, B, C, and D.

Unless stated otherwise, species that are not listed (such as catfish, sucker and rockbass) have a year round open season.

Restrictions on Non-Angling Methods of Capturing Fish

Unless the regulations specifically state otherwise, all fishing by means other than angling must be done after sunrise and before sunset (during daylight hours).

Species	Open Season	Waters
BAIT-FISH TRAP - no more than 51 cm (20 in.) long and 31 cm (12.2 in.) wide - only one permitted		
Bait-fish	All year, day or night	All Divisions except 13 and 23.
Bait-fish	All year, day or night except Dec. 25	Division 23.
DIP-NET - no more than 183 cm, (6 ft.) on each side if square, or 183 cm (6 ft.) across if circular - only one permitted		
Bait-fish	All year	All Divisions except 13 and 23.
Bait-fish	All year, except Dec. 25	Division 23.
Carp, Sucker & Coarse Fish	March, April and May	All waters except Divisions 6 and 13 and waters in Notes 1 and 2 (listed on p. 5) of Divisions 3, 4 and 9.
Northern Pike	March and April	Waters of Divisions 1 and 2 excluding the waters of Lake Erie fronting the Regional Municipality of Haldimand-Norfolk; Div. 3 excluding waters in the County of Essex, the waters in Note 1 and those parts of the Thames, Sydenham and Ausable Rivers in Div. 3.
Northern Pike	January, February, March and April	Waters in the County of Essex (Div. 3).
Smelt	March, April and May (day or night)	All waters except the following: Divisions 4, 6, 13, 22, 24, 30 and 31; those parts of the Thames, Sydenham & Ausable Rivers in Div. 3; the waters in Note 1 (Div. 3); those parts of the Thames and Ausable Rivers in Div. 4; waters in that part of the Regional Municipality of Durham in Div. 4; and all the streams and rivers in the counties of Bruce and Grey (excluding waters in Div. 4 listed under "Fall Fishing For Rainbow and Brown Trout" and "Stream Mouths with a Year-Round Open Season on Rainbow and Brown Trout" on p. 20); the Trent River and the part of Peterborough County in Division 7; the waters of the Rideau River between Hog's Back Dam and the Ottawa River in the Regional Municipality of Ottawa-Carleton.
Pink Salmon, Whitefish & Herring	Contact MNR office for details	All Divisions.
SEINE - no more than 10 m (32.8 ft) long and 2 m (6.5 ft.) wide - only one permitted		
Bait-fish	All year	Lake St. Clair (Div. 1), Division 2 except the Niagara River; Division 5 except the Beaverton River and tributaries in Brock Township from Lake Simcoe to the first dam; Divisions 11 and 17; waters of Lake Ontario in Division 8; the St. Lawrence River; Lake St. Francis; Georgian Bay and Lake Nipissing.
Bait-fish	All year, except Dec. 25	Division 23.
Smelt	March, April and May (day or night)	All waters except the following: Divisions 4, 6, 13, 22, 24, 30 and 31; those parts of the Thames, Sydenham & Ausable Rivers in Div. 3; the waters in Note 1 (Div. 3); those parts of the Thames and Ausable Rivers in Div. 4; waters in that part of the Regional Municipality of Durham in Div. 4; and all the streams and rivers in the counties of Bruce and Grey (excluding waters in Div. 4 listed under "Fall Fishing For Rainbow and Brown Trout" and "Stream Mouths with a Year-Round Open Season on Rainbow and Brown Trout" on p. 13); the Trent River and the part of Peterborough County in Division 7; the waters of the Rideau River between Hog's Back Dam and the Ottawa River in the Regional Municipality of Ottawa-Carleton.
BOW AND ARROW - May be used between sunrise and sunset. Bows must be encased from 1/2 hour after sunset to 1/2 hour before sunrise.		
Carp	May 1 - June 15	Divisions 1 and 2 except the following: the waters of Lake Erie fronting the Regional Municipality of Haldimand-Norfolk; the waters of Lake Ontario fronting Haldimand and Hamilton townships and the Town of Newcastle, the City of Oshawa and the Town of Whitby and the waters of Walkhouse Bay of Lake Huron in Robinson Twp. (Div. 2). The County of Simcoe and the Holland River in the Regional Municipality of York (Div. 4); Division 5 except the Beaverton River and tributaries (Brock Twp.).
Carp	May, June and July	Waters of Lake Ontario (Div. 2) fronting Haldimand and Hamilton townships and the Town of Newcastle, the City of Oshawa and the Town of Whitby.
Carp	Mar. 1 - June 15	Waters in the counties of Brant, Oxford, Perth & Wellington and in the regional municipalities of Halton, Hamilton-Wentworth & Waterloo (Div. 4); Div. 3 except for waters in Note 1.

Species	Open Season	Waters
Carp	May 1 - Aug 15	Waters in the County of Huron (Div. 4).
Carp	May 15 (Sat. after 2nd Fri.) to July 31	Division 6.
Carp	June and July	Rideau River between the dam at Burritts Rapids and Lock 17 to the dam in the West Branch Rideau River at Long Island and Lock 16, including Kemptville Creek to Hwy. 43; waters in the counties of Stormont, Dundas, Glengarry, Prescott and Russell (Div. 9).
Carp & Sucker	May, June and July	Waters in Divisions 8 and 11; the St. Lawrence River, including Lake St. Francis (Div. 12A); and the Ottawa River downstream from the Chaudière bridge fronting the Regional Municipality of Ottawa-Carleton and the United Counties of Prescott & Russell (Div. 12).
Carp, Sucker & Coarse fish	May 1 - July 15	Walkhouse Bay of Lake Huron (Robinson Twp.) and waters in Division 17.
Sucker & Coarse fish	March and April	Waters of Div. 1 & Div. 2 excluding Walkhouse Bay of Lake Huron (Robinson Twp.) and the waters of Lake Erie fronting the Regional Municipality of Haldimand-Norfolk, Div. 3 excluding the waters in Note 1 and, the waters of that part of Div. 4 in the counties of Brant, Oxford, Perth, and Wellington and the Regional Municipalities of Halton, Hamilton-Wentworth, and Waterloo.
Sucker	April and May	Division 19.
Northern Pike	March and April	Waters of Div. 1 & Div. 2 excluding the waters of Lake Erie fronting the Regional Municipality of Haldimand-Norfolk and Div. 3 excluding the waters in the County of Essex and the waters in Note 1 and excluding those parts of the Thames, Sydenham & Ausable Rivers in Div. 3.
Northern Pike	January, February, March and April	Waters in the County of Essex (Div. 3).

SPEAR: Fishing with a spear, or having a spear within 30 m (98.2 ft) of the edge of a body of water, is illegal except in the circumstances noted below

Carp, Sucker & Coarse Fish	April and May	All waters except the following: the waters of Lake Erie fronting the Regional Municipality of Haldimand-Norfolk (Div. 2), the waters of Lake Huron fronting the Counties of Lambton, Bruce and Huron (Div. 2), Divisions 3, 5, 6 and 13, waters in the counties of Bruce, Dufferin, Grey & Simcoe (Div. 4), waters in the Municipality of Metropolitan Toronto, in the regional municipalities of Peel and York and in that part of the Regional Municipality of Durham in Div. 4., waters in Morrison Twp. (Div. 7), the Rideau River between Hog's Back Dam and the Ottawa River (Div. 9) and the waters of Georgian Bay fronting the Counties of Bruce & Grey (Div. 16).
Carp, Sucker & Coarse Fish	March and April	Div. 3 except waters in Note 1 and excluding those parts of the Thames, Sydenham and Ausable Rivers in Div. 3.
Northern Pike	March and April	The waters of Div. 1, Div. 2 excluding the waters of Lake Erie fronting the Regional Municipality of Haldimand-Norfolk, Div. 3 excluding the waters in the County of Essex, the waters in Note 1 and excluding those parts of the Thames, Sydenham & Ausable Rivers in Div. 3.
Northern Pike	January, February, March & April	Waters in the County of Essex (Division 3).

Note 1: The following waters are exceptions as noted in the table:

- waters in the Township of Delhi or the former townships of Charlotteville and Windham;
- waters in the Township of Norfolk or the former townships of Middleton, Houghton, North Walsingham & north of Concession 3 in the former township of South Walsingham (Div. 3);
- Young's Creek in the City of Nanticoke or the former Township of Woodhouse in the Regional Municipality of Haldimand-Norfolk (Division 3);
- Grand River and tributaries downstream of the Onadaga and Tuscarora Twps. line to Lake Erie.

Note 2: The following waters are exceptions as noted in the table:

- Divisions 6 and 13;
- the part of Division 4 within the Regional Municipality of Durham and all the streams and rivers in the counties of Bruce and Grey (excluding waters in Division 4 listed under "Fall Fishing for Rainbow and Brown Trout" and "Stream Mouths with a Year-Round Open Season on Rainbow and Brown Trout" on p.20);
- the Rideau River between Hog's Back Dam and the Ottawa River;
- the Thames, Sydenham and Ausable Rivers.

Ontario Family Fishing Weekend

July 9-11, 1999

"CATCH THE FUN" this summer! Canadian residents will again be able to sample Ontario's fishing opportunities, licence-free, during the week-end of July 9 to 11. Sponsored by a diverse range of

government and non-government organizations, the

Weekend is designed to remind people of the recreational and economic value of Ontario's recreational fishery, and the importance of sustaining and enhancing it for future generations.

For this reason, anglers without a licence must abide by the limits set for the Conservation Licence (Pg. 7) during the weekend. All other fees and regulations apply and will be enforced, including size limits and sanctuaries.

Local events and festivals around the Province will mark the Weekend, and provide not only opportunities to fish, but also to learn about proper techniques, ethical angling and how to protect fish and their habitat.

Licensed anglers and club members: The Weekend is for you, too. Take an unlicensed friend out fishing, or attend an event with your kids. As a group, consider organizing a Weekend event. Put on a clinic, an educational children's event or use the Weekend to involve the public in an enhancement project. Information to help you plan and run events is available from the Steering Committee.

The Steering Committee • Ontario Family Fishing Weekend

For more information on the Family Fishing Weekend, please contact during business hours:

Ontario Federation of Anglers and Hunters (705) 748-6324

Ontario Ministry of Natural Resources (705) 755-2551

Northern Ontario Tourist Outfitters (705) 472-5552

Conservation Ontario (905) 895-0716

Resorts Ontario (705) 325-9115

For **general fisheries information**, please call your local MNR office (on pg. 70) or the Natural Resource Information Centre at 1-800-667-1940 or (416) 314-2000 (Toronto) or (705) 755-2000 (Peterborough).

Become an Outdoors-Woman!

A Becoming an Outdoors-Woman weekend is a fun way for women to learn new outdoor skills in a supportive, woman-friendly environment.

Choose from these exciting skills:

- ♦ flyfishing
- ♦ outdoor survival
- ♦ shotgun skills
- ♦ rifle shooting
- ♦ canoe trip planning
- ♦ animal tracks and signs
- ♦ lake ecology
- ♦ map and compass
- ♦ bow handling
- ♦ camping
- ♦ bass & walleye fishing
- ♦ motor boat handling

For more information contact:

P.O. Box 2800, Peterborough, Ontario K9J 8L5
Phone (705) 748-6324 E-mail fish_wild@ofah.org

ONTARIO FEDERATION
OF ANGLERS &
HUNTERS

Fish Sanctuaries

No fishing of any kind is permitted in a fish sanctuary. Some bodies of water, or parts of them, are declared fish sanctuaries during certain times of the year. Fish sanctuaries are noted in the exception lists following the Map Specific Regulations for Maps A, B, C, and D. Note also that fish sanctuary areas are not always marked with signs; if you are at all uncertain, check with the local MNR office before fishing.

Catch and Possession Limits

Fishery laws limit the number of fish you can catch or possess. The number will depend on the species, where they are caught and, in some cases, their size. **Note that for some species there are no limits. In these cases no reference will be made to a limit in the summary.** The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

Shore Meals - Fish caught that day and eaten for shore meals are counted as part of your daily catch limit.

On some waters in Divs. 22, 30, 31 and 34, there are restrictions on possession of live fish. **See table starting on p. 46.**

It is illegal to destroy, or to allow to spoil, fish which have been lawfully caught and which are suitable for food.

Conservation Licences

The catch and possession limits for Conservation Licence holders are listed below; **please check the Standard Catch and Possession Limits and the Exceptions Tables for additional restrictions.** Where a lower limit is referenced in the exceptions table, the lower limit also applies to conservation licence holders, if the referenced lower limit is less than the conservation licence limit. For example, the limit for whitefish on Lake Simcoe (Div. 5) is two (2) for all licence types. Any fish caught beyond the legal limit must be released quickly and carefully (see *Tips on Live Release of Fish* on p. 8).

The catch and possession limits for fish other than salmon and trout are:

- Northern Pike: Two (2) in one day
- Walleye (Yellow Pickerel), Sauger or any combination of these: Two (2) in one day
- Largemouth Bass, Smallmouth Bass or any combination of these: Two (2) in one day
- Muskellunge: Zero (0) in one day
- Sturgeon: Zero (0) in one day
- Crappie: Divs. 8, 9, 10, 11, 12, 12A, 22 & 29: Ten (10) in one day (no limit in other divisions)
- Whitefish: Twelve (12) in one day
- Yellow Perch:
 - Div. 1 (Lake St. Clair and St. Clair River), Div. 17 & 18, and Ara, Brace, Meta, and Marshall Lakes in Div. 20: catch and possession limit twenty-five (25);
 - Div. 5, tributaries of Lake Simcoe and Lake Couchiching in Div. 4, and the tributaries of Lake Simcoe in the County of Simcoe and the Regional Municipality of Durham in Div. 6: catch limit twenty-five (25), possession limit fifty (50); and
 - Lake St. Francis (Div. 12A) and the waters in Lancaster and Charlottenburgh Townships and the City of Cornwall, excluding the waters of the St. Lawrence River west of the dam at the Robert H. Saunders Generating Station, in Div. 9: catch limit fifty (50), possession limit one hundred (100).

The catch and possession limit for salmon and trout COMBINED is:

- Two (2) in one day with not more than one (1) lake trout.

The catch and possession limit for individual species of salmon and trout (subject to the combined salmon and trout limit noted above) is:

- Aurora Trout: Zero (0) in one day
- Atlantic Salmon: Zero (0) in one day
- Pacific Salmon: Two (2) in one day
- Brook Trout: Two (2) in one day
- Brown Trout: Two (2) in one day
- Lake Trout: One (1) in one day
- Rainbow Trout: Two (2) in one day
- Splake: Two (2) in one day

Any fish caught beyond the legal limit must be released quickly and carefully (see *Tips on Live Release of Fish* on p. 8).

Note: size restrictions listed in the Map Specific Regulations apply to conservation licence holders.

Border Water Conservation Tags

The daily catch and possession limits for border waters are as follows:

- **For holders of a Rainy River/Lake of the Woods Border Water Conservation Tag who ARE staying overnight in Ontario:**
 - on the border waters of Lake of the Woods, Shoal Lake (in the Territorial District of Kenora), Cul de Sac Lake and Obabik Lake: zero (0) walleye; four (4) sauger, or a combination of four (4) walleye and sauger (not more than two (2) walleye); two (2) northern pike; two (2) largemouth bass, smallmouth bass, or any combination of these; one (1) lake trout; zero (0) muskellunge; zero (0) sturgeon; ten (10) crappie; twelve (12) whitefish.
- **For holders of a Rainy River/Lake of the Woods Border Water Conservation Tag who ARE NOT staying overnight in Ontario:**
 - on the border waters of Lake of the Woods, Shoal Lake (in the Territorial District of Kenora), Cul de Sac Lake and Obabik Lake: zero (0) walleye; zero (0) sauger; two (2) northern pike; two (2) largemouth bass, smallmouth bass, or any combination of these; one (1) lake trout; zero (0) muskellunge; zero (0) sturgeon; ten (10) crappie; twelve (12) whitefish.
 - on the border waters of Rainy River from Wheeler's Point upstream to the Fort Frances dam, the limits will be the same as the limits of the non-resident licence held.

LEAD FISHING GEAR

Lead is a toxic substance, which can be found in some fishing sinkers, jigs and other lures.

Some waterfowl, such as puddle ducks, geese or swans, swallow lead when they scoop up pebbles from the bottom of a lake or river to help grind their food. Other diving ducks or loons, can swallow lead when they eat fish with sinkers or jigs attached. When ingested, it can cause lead poisoning.

What all anglers can do to help ?

- Purchase non-toxic sinkers and jigs made of clay, tin, bismuth, steel or special putty,
- Never throw old fishing gear into the water or on shore,
- Take old fishing line to tackle shops for recycling,
- Take lead sinkers, jigs and lures to hazardous waste disposal centres.

• For holders of a South Arm Rainy Lake Border Water Conservation Tag:

- zero (0) walleye; zero (0) sauger; two (2) northern pike; two (2) largemouth bass, smallmouth bass or any combination of these; zero (0) lake trout; zero (0) muskellunge; zero (0) sturgeon; ten (10) crappie; twelve (12) whitefish.

All Other Licences

For details on catch limits for a fishing licence (except a Conservation Licence), see the Map Regulations for the area you will be fishing in. Unless otherwise stated, the possession limit is the same as one day's catch limit.

Exporting, Transporting or Storing Fish

Export of Sturgeon

An export permit called a "Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) Export Permit" is required to export any sturgeon (in whole or part) from Canada. For more information, contact the Department of Fisheries and Oceans at (905) 795-9666, ext. 229 or the closest MNR office.

Export of Fish

A recreational angler may, on leaving Ontario, take the designated possession limit from the waterbody as noted in the Map Specific Regulations. In Division 1, a recreational angler may export fifty (50) yellow perch. In Divisions 17 and 28 a recreational angler may export one-hundred (100) yellow perch; Ara, Brace, Meta and Marshal Lakes have a limit of twenty-five (25) yellow perch. Lake St. Francis (Div. 12A) and waters in Lancaster and Charlottenburgh Twp.s, and the City of Cornwall (Div. 9): have a limit of two-hundred (200) yellow

perch. Lake Simcoe (Div. 5), Lake Couchiching and tributaries to Lake Simcoe in Simcoe County and the Regional Municipalities of York and Durham in Div. 4 and the waters of the Talbot River, its tributaries and the Trent Canal System in Brock and Ramara Twp.s. (Div. 6): have a limit of one-hundred (100) yellow perch. In all other divisions there is no limit on yellow perch. Recreational fishers holding a conservation licence may, on leaving Ontario, take the conservation licence limits. Please also see the section on Bait, p. 9.

Transfer of Live Fish or Spawn

No live fish or spawn may be transferred from one body of water to another without the consent of the Ministry of Natural Resources.

Live Holding Boxes

If you use a live holding box, live well or impounding device, it must be clearly marked with your name and address unless it forms part of or is attached to a boat - any fish in holding boxes are part of your limit. Also see Div. 34 on p. 46.

Preparing Fish for Exporting, Transporting or Storing

When you are exporting, transporting or storing, you must ensure that the fish can be easily identified and counted. Where length limits apply, you must also ensure that the length of the fish can be easily determined. (See p. 13).

To prepare fish for exporting, transporting or storing, you must do the following:

- leave a large portion of the skin, including scales on all fish or filets so they can be identified;
- wrap or freeze fish separately so they can be counted; and
- where length limits or size restrictions are in effect, leave both the head and tail on the fish so that it can be measured.

A good tip is to pack your fish in a bag or box by laying them flat and arranging them so that they can be easily identified, counted and measured.

Length Limits

A variety of size restrictions apply to some species and waterbodies (see Map, A, B, C, or D). Unless otherwise stated, size limits refer to **total length**, which is a measure from the tip of the mouth with the jaws closed to the tip of the tail, with the tail fin lobes compressed to give the maximum possible length.

On some waterbodies, the regulation may specify a size limit that is a fork length. **Fork length** is a measure from the tip of the mouth with the jaws closed to the central part of the caudal (tail) fin (See p. 13). If you catch a fish in a restricted size range, you must release it immediately. (See *Tips*, below).

Gear Restrictions

Hooks and Lines

Unless otherwise stated, each angler may use only one line, except for ice fishing.

A fishing line must not have more than four hooks. On an artificial lure, a gang containing up to three hooks is considered to be one hook. In all other situations, a double hook counts as two hooks; and a treble hook counts as three hooks.

Barbless Hooks

In most waters where barbless hooks are required, a line must have no more than one barbless hook attached to it. Any extra hooks must be removed from lures. A barbless hook under fishery laws means a hook that was made without a barb or has had its barb either completely removed, or compressed so that it is completely in contact with the shaft of the hook.

Tips on Live Release of Fish

Fishing

- use barbless hooks, avoid using live or organic bait,
- reduce the time a fish is played.

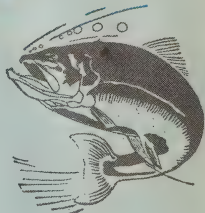

Handling

- reduce handling that destroys the slimy protective coating on fish,
- do not squeeze or touch the gills,
- keep the fish in water, over the side of the boat or in a tub,
- grasp the fish just behind the gill covers,
- use long-nose pliers to remove the hook quickly without tearing or injuring the fish,
- if you must release a fish that is hooked deeply, cut the line and leave the hook in.

Releasing

- hold the fish upright in a swimming position in the water moving the fish slowly forward so water runs through the gills,
- release the fish when it begins to swim in an upright position.

Using proper release techniques improves fish survival, helps maintain a healthy fishery and identifies you as a conservationist.

Remember the future of fishing is in your hands!

Artificial Lures

In some waters, artificial lures are required. An artificial lure under fishery laws means a hook or lure with no organic bait attached.

Artificial Flies

An artificial fly means a single or double hook dressed with silk, tinsel, wool, fur, feathers or other such material but does not include a weight or a spinning device. Only artificial flies are allowed as bait in:

- East Gouais River from Laughing Lake in Menard Twp. to the Gouais River (Div. 18);
- Garden River from Ranger Lake to Garden Lake (Div. 18);
- Little Jacko River from Hwy. 63 bridge to Jacko River in Eddy Twp. (Div. 18); and
- Arrow River between the dam on Arrow Lake (Hardwick Twp.) and the Robbins/Hartington Township line (Div. 21).

Bait

In addition to the Restrictions on Non-Angling Methods of Capturing Fish (p. 4), and in the Map Specific Regulations, the following restrictions apply:

- it is illegal to sell angler caught bait-fish or spawn. Only licenced dealers may sell bait-fish;
- it is illegal to bring live fish, crayfish or salamanders into Ontario for use as bait;
- it is illegal to release bait-fish, including crayfish or any other live fish, except into the body of water from which they were taken; illegal release can seriously damage fish populations;
- residents may use only one bait-fish trap, seine or dip-net to catch bait-fish; if you use a bait-fish trap, it must be clearly marked with your name. Please check your trap on a regular basis to avoid wastage of fish;
- any live holding box must be clearly marked with the name and address of the user;
- you may not use or possess for bait any fish other than bait-fish, unless the regulations specifically state otherwise;
- a recreational angler may have no more than 120 bait-fish in possession from April 1 to October 14. From October 15 to March 31, the limit is a total weight of 18 kilograms (40 lbs.);
- frogs (except bullfrogs), salamanders (except northern dusky), and leeches are legal bait; and
- **no person other than the holder of a Commercial Bait Licence or a Bait Dealers Licence shall bring live leeches into Ontario for use as bait.**

Ice Fishing

The fishing regulations outlined in the General Fishing Regulations, the Map Specific Regulations, and the Exceptions Tables apply to ice fishing; please note the following additional information:

- up to five lines may be used for ice fishing in Labyrinth Lake, including Waterhen Creek (Div. 18) downstream of Access Road bridge (Territorial District of Timiskaming);
- in most other circumstances, two lines may be used for ice fishing (check exceptions table); and
- anglers may use a tip-up for ice fishing, but must remain within 60 m (197 ft.) of any line with which they are fishing. They must have at all times a clear, unobstructed view of the lines being used.

Hut Registration

Ice fishing huts must be registered with the local MNR office if they are on any of the following waters:

- Any part of Divs. 7, 8, 9, 10, 11, 12, 12A, 15 & 29;
- Lakes Couchiching, Simcoe, Puslinch, Nipissing, Temagami, Scugog, Timiskaming, Manitou (Div. 28) and Trout (in the city of North Bay);
- Owen Sound and Colpoys Bay (Bruce and Grey counties);
- Long Point Bay on Lake Erie (Regional Municipality of Haldimand-Norfolk) west of a line from the survey point at Turkey Point Marina to Pottohawk Point;
- The waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie District.

Contact the local MNR office for further information on ice fishing on these and other lakes.

Hut Removal Dates

Ice fishing huts must be removed by the following dates:

- Feb. 28 in Div. 8 and Lake Scugog (Div. 6);
- March 15 in:
 - Percy, Seymour, Cramahe, Brighton and Murray Twps. (Div. 6);
 - Div. 7 except that part in Cashed Twp.;
 - Div. 9 except Oso, Olden, Kennebec and Kaladar Twps.;
 - Divs. 10 & 11;
 - Div. 12 waters lying south of a line running east/west through the intersection of Hwy. 17 and Hwy. 533 and Div. 12A;
 - Tudor Twp. (Div. 15);
 - Lake Simcoe;
 - the part of Long Point Bay on Lake Erie (Regional Municipality of Haldimand-Norfolk) that lies west of a line drawn from the survey point at Turkey Point Marina to Pottohawk Point;
 - the part of Div. 4 in Simcoe and Dufferin Counties; and
 - water in Severn Sound (Div. 16).
- March 22 (Mon. after 3rd Sun.) in Colpoys Bay and Owen Sound;
- March 25 in Lake Nipissing (Div. 27);
- March 31 in:
 - Lake Temagami (Div. 26);
 - Lake Timiskaming (Div. 18);
 - Lake Manitou (Div. 28);

- Waters south of and including the French and Mattawa Rivers (except where earlier dates are listed);
- Trout Lake (North Bay) (Div. 18); and
- The waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie District.

Capture of Bullfrogs and Snapping Turtles

It is illegal to take bullfrogs or snapping turtles in provincial parks. Holders of valid Fishing Licences may:

- take bullfrogs for personal use from July 21 - Oct. 15; the possession limit is 10. Bullfrogs may not be taken in the Regional Municipality of Ottawa-Carleton, the Counties of Prescott and Russell, Stormont, Dundas and Glengarry, Leeds and Grenville, Lanark, Frontenac, Lennox and Addington, Prince Edward, Northumberland, Peterborough and Victoria, or in the townships of Marmora and Lake, Tudor and Cashed, Elzevir and Grimssthorpe;
- take snapping turtles during open seasons. For details on harvest areas, season dates and catch and possession limits, see the Ontario Hunting Regulations Summary or contact your local MNR office.

Safe Boating in Areas of Commercial Fishing

The commercial fishing industry in Ontario, which is primarily focused on the Great Lakes, harvests fish using trawls, seine nets, gill nets, hoop nets, pound nets, and trap nets. All nets must be identified by means of buoys, stakes, and markers which identify the owner of the net and the location of the beginning or end of the net. Besides these markers, there may be additional buoys (e.g. plastic or steel cans) that indicate intermediate portions of the net or anchor lines. Boaters should be aware that because the length of some nets may exceed several thousand meters, it may not be possible to see both ends.

To ensure safe boating in areas where commercial fishing activity takes place, please consider the following:

1. Many retail and wholesale freshwater fish outlets are operated by commercial fishers, and information regarding local net marking systems may be obtained by talking with their staff.
2. Many local yacht clubs, sailing clubs, power squadrons, and marinas have information regarding commercial fishing activities in

local waters. In some cases, detailed maps of fishing locations and specific markings may be available. Contact local commercial fishermen's association for further details.

3. Treat commercial fishing gear with the same caution as any other floating device, apparatus or debris.
4. When a net marker is encountered it may be possible to observe which way the net runs through visual sighting underwater. During summer months when nets are usually set in cooler deeper water, the direction the nets run may not be determined as easily.
5. Unmarked nets should be reported immediately to the closest Ministry of Natural Resources office.
6. Lures and other sharp foreign objects stuck in commercial nets are hazards to commercial fishers.
7. Tampering with commercial fishing gear is dangerous to boaters, and is an offence under the Fisheries Act.
8. If your gear accidentally becomes entangled in a commercial net, and you cannot disentangle your equipment from the net, contact the commercial operator immediately.
9. Entanglement of cannonballs may present a serious and dangerous situation to boaters. Cannonball cables, if not released from the net immediately, can act like an anchor and swing the boat around with its stern acting as the bow. If this occurs, the downrigger line should be cut immediately with wire cutters.
10. Where the trawl industry operates, boaters should recognize that maneuvering a trawler can be very difficult. Be aware that standard boating rules and regulations apply when encountering any large commercial fishing vessel.

If you have questions pertaining to Ontario's commercial fish industry, please call any local office of the Ministry of Natural Resources or contact the Ontario Commercial Fisheries' Association at 519-676-0488.

Threats To Ontario's Waters

Harmful Exotic Species

Ontario's fish and the waters that support them are threatened by several exotic species that can be spread unknowingly by anglers and boaters. Some harmful exotic species that have been discovered in Ontario waters and ways of preventing their spread are described below.

Whenever you move your boat from one waterbody to another, exotic species may tag along for the ride. There are some important things you can do to prevent the transport of harmful exotic species from one lake or river to another:

- **Inspect** your boat, motor, trailer, and boating equipment (anchor, centreboards, rollers, axles) and remove any zebra mussels and other animals and plants that are visible before leaving any waterbody;

- **Drain** water from the motor, livewell, bilge and transom wells while on land before leaving the waterbody;
- **Wash/dry** your boat, tackle, downriggers, trailer, and other boating equipment to kill harmful species that were not visible at the boat launch. Some aquatic nuisance species can survive more than 2 weeks out of water so it is important to:
 - rinse your boat and equipment that normally gets wet with hot tap water (greater than 40 °C); or
 - spray your boat and trailer with high pressure water (250 psi); or
 - dry your boat and equipment for at least 5 days before transporting to another water body.
- **Empty** your bait bucket on land before leaving any waterbody. **Never** release live bait into a waterbody, or release aquatic animals from one waterbody into another;
- **Learn** how to identify zebra mussels and other exotic species. If you suspect a new infestation report it to the **Ministry of Natural Resources or the Invading Species Hotline (1-800-563-7711)** - this hotline is a partnership between the Ontario Ministry of Natural Resources and the Ontario Federation of Anglers and Hunters.

Zebra Mussels

Zebra mussels are freshwater mollusks that often attach in large numbers to hard objects in the water. They are normally brown in colour, with yellow or white stripes, and are very small - about the size of a fingernail. In the Great Lakes, zebra mussel colonies have clogged municipal and industrial water intake lines, covered boat hulls, fouled beaches, killed native clams, and disrupted the lake ecosystems.

Zebra mussels have spread rapidly in Ontario. Since their initial discovery in 1988 in Lake St. Clair, they have spread throughout the Great Lakes/St. Lawrence River system, and into some inland lakes. Zebra mussels have invaded the Trent-Severn and Rideau systems, and have been found in some Muskoka Lakes. They probably entered these inland systems through recreational boating traffic. Zebra mussels are invisible to the naked eye in their early life stage (called a veliger), when they can be transferred unknowingly in live wells, bilge water and bait-fish buckets. In their adult stage they can attach to boat hulls.

Help slow the spread of zebra mussels by thoroughly cleaning your boat and angling gear before moving between bodies of water.

Ruffe

The ruffe is a small European relative of the walleye and yellow perch. It was introduced into the Duluth-Superior Harbour of Lake Superior from

the ballast water of ocean-going ships in the early 1980s.

Within a few years it became the most abundant fish in the harbour. Ruffe are established in the Kaministiquia River in Thunder Bay, Ontario. Ruffe may displace native Ontario fish species through competition for food and habitat. Help slow the spread of ruffe. Do not collect bait-fish from the Great Lakes for use in inland waters. Learn how to identify ruffe. If you think you have caught one, kill it and contact your local MNR office.

It is illegal to possess ruffe except when transporting a dead specimen to a Ministry of Natural Resources office.

Round Goby

The round goby is a small, bottom-dwelling fish from eastern Europe that was introduced to the St. Clair River via ballast water in the late 1980s. It is now found in all of the Great Lakes except Lake Ontario.

The round goby is an aggressive fish that can spawn several times per year, grow up to 25 cm (9.8 in.) in length, and compete with native bottom-dwelling fish species. Round gobies are expected to be harmful to Great Lakes and inland fisheries.

Although gobies are not legal baitfish, they look very similar to our native sculpins which can be used as bait.

Do not collect bait-fish from the Great Lakes for use in inland waters.

Smelt

Smelt is a species of small fish that reproduces and grows rapidly. Releasing smelt eggs or spawn into waters other than those they came from can upset

the delicate ecological balance in many waterbodies. The smelt take a large portion of the food supply, posing a serious threat to other fish species and populations. MNR asks smelt fishers in Ontario to take care when rinsing dressing equipment or dumping entrails. Dumping fish waste into lakes and streams may put fertilized smelt eggs into the water system. This is against fishery laws, which prohibit the transfer of live fish or spawn from one body of water to another. It can create great problems for both commercial and recreational fisheries. For the sake of Ontario's fish populations, do not transfer smelt, and pass the word along to other fishers.

Live smelt may not be used for bait. It is also illegal to possess live or dead smelt while recreational fishing in Divs. 22, 22A, 24, 30, 31 and 32 in north-western Ontario.

Minnow, St. Grant

Round Goby, Univ. of Michigan

Bill Murrain, Univ. of Minnesota

TAKE A KID FISHING WEEK

August 1-7, 1999

August 1-7 marks the third annual *Take a Kid Fishing Week*, time dedicated to introducing children to the joys, challenges and responsibilities of recreational fishing. Create an angler, and instill a love of the outdoors, a true respect for nature and a practical understanding of Ontario's aquatic resources.

**Remember, the future of fishing
is in your hands . . .
take a kid fishing!**

Note: all regulations, limits and licence requirements apply.

CROWN LAND AND CAMPING

In Ontario, travel for recreational purposes on Crown lands and waters is generally free and unrestricted. Generally, camping is allowed free on Crown lands for up to 21 days per year except where posted as no camping. Some Crown lands, however, have restricted travel zones for forest fire prevention, officially closed forest access roads and areas posted with signs to prohibit all or certain kinds of travel. **Non-residents**, except those using the services of a commercial outfitter, require a permit to camp on Crown lands north of the French and Mattawa Rivers. Contact your local MNR office or licence issuer for permits.

F O R E S T F I R E S

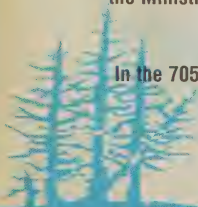

To report a forest fire in Ontario, you may call toll free and your call will be directed to the Ministry of Natural Resources Regional Fire Response Centre, within the area code you are calling from.

In the 705 telephone area code (north of the French/Mattawa River System) call:

1-888-863-FIRE (3473).

In the 807 telephone area code (northwestern Ontario) call:

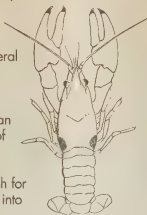

1-888-284-FIRE (3473).

Crayfish

The rusty crayfish, originating from the midwestern United States, was probably introduced into Ontario through bait-bucket transfers. This crayfish is now found in Lake Superior and in several lakes in north-western and central Ontario. The rusty crayfish replaces native crayfish species, can consume large amounts of aquatic vegetation, and could affect fish habitat.

If you are using crayfish for bait, do not release them into a lake or river.

Bell Museum, Univ. of Minnesota

It is illegal to release crayfish, and other bait-fish, except into the body of water from which they were taken.

Spiny Water Flea ("BC")

The spiny water flea is a small (less than 1 cm long) planktonic crustacean that was introduced into the Great Lakes from Europe in the early 1980s. It has spread throughout the

Bell Museum, Univ. of Minnesota

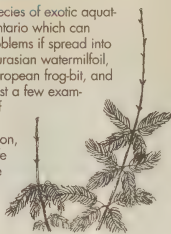

Great Lakes, and has invaded the Muskoka Lakes, Lake Simcoe, the Kawartha Lakes, Lake Temagami, and several smaller lakes in central Ontario. The spiny water flea was probably introduced into these inland lakes through recreational boating traffic. The impacts of this invader are unknown, but it might impact fish by disrupting the food chain. Spiny water fleas collect on fishing lines and downrigger cables, and can be transported in bait-buckets and

live wells. It only takes one adult or egg to begin an infestation.

Please ensure that you thoroughly clean your fishing equipment and boat if you have been in an infested waterbody.

Aquatic Vegetation

There are several species of exotic aquatic plants found in Ontario which can cause ecological problems if spread into new waterbodies. Eurasian watermilfoil, purple loosestrife, European frog-bit, and flowering rush are just a few examples of these types of plants. They can displace native vegetation, affect fish and wildlife habitat, and interfere with human uses of our waterways. Aquatic plants can also harbour zebra mussels and other species.

Bell Museum, Univ. of Minnesota

When leaving any waterbody please remove all vegetation from your boat, trailer and other equipment.

Extensive Fish Kills

A number of causes, natural or unnatural, may lead to large numbers of fish dying. Most fish kills happen in the summer, but winter fish kills are not uncommon. Fish may die from natural changes in water quality caused by temperature changes, lack of oxygen (from decomposition), algae toxins, high turbidity ("murky" water) or too much gas trapped in water. Other natural causes include epidemics (of bacteria, viruses or parasites) or spawning problems. Unnatural fish kills are usually the result of releasing heated waste or toxic chemicals. The

sources may be industrial, agricultural, municipal, or residential. Pesticides used for farming and to control water weeds are another cause. Some kills result from tampering with water levels or flow. The Ministry of Environment and Energy and the Ministry of Natural Resources investigate fish kills to find their causes, suggest responses, set up preventive programs and collect evidence for possible court action. Speed is of vital importance in these investigations. Since fish decompose rapidly, especially in warm weather, evidence may be lost within hours. **It is important, therefore, to report any fish kills immediately.** In river systems, toxins and fish carcasses may travel downstream from where the kill occurred. If you see evidence of a fish kill, contact the nearest office of the Ministry of Environment and Energy or the Ministry of Natural Resources (see p. 59) right away.

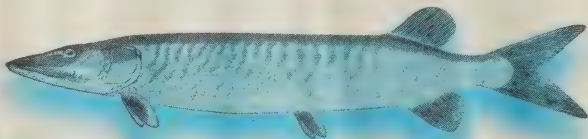

Aquarium Fish

Many people release unwanted aquarium pets into natural waters. Not only is this activity illegal, it can harm the environment. Several exotic species of plants and animals have been introduced to the Great Lakes region by this practice. If you have an unwanted aquarium pet, return it to a local pet store, or donate to a school or other institution - it will be better for your pet and the environment.

Moving Live Fish

Many new populations of bass and other fish species have been established in Ontario through unauthorized stocking. These introductions are often conducted by individuals with good intentions of creating new recreational fisheries. However, this practice is illegal and can cause great harm to existing recreational, commercial and bait-fisheries. The negative impacts of these stocking activities often become widespread as the introduced species spreads to other lakes through connected waterways.

A licence is required for all fish transfers and stocking into Ontario waters.

Help manage our muskellunge resource

Ontario is home to some of the most exceptional muskellunge fisheries in the world. With more than three hundred lakes and rivers supporting muskellunge populations, we offer an incredible diversity of opportunities and experiences, including the chance to top Ontario's current record of 29.5 kg (65 pounds)!

While less than 10% of the muskies caught in the province are kept by anglers each year, we need to know more about these fish in order to keep their populations productive. In partnership with the Royal Ontario Museum, Muskies Canada, and the Ontario Federation of Anglers and Hunters, the Ministry of Natural Resources is collecting information from fish that are kept.

IF YOU PLAN TO FISH FOR MUSKIE, CALL YOUR LOCAL MNR OFFICE FOR AN INFORMATION PACKAGE ON HOW YOU CAN HELP.

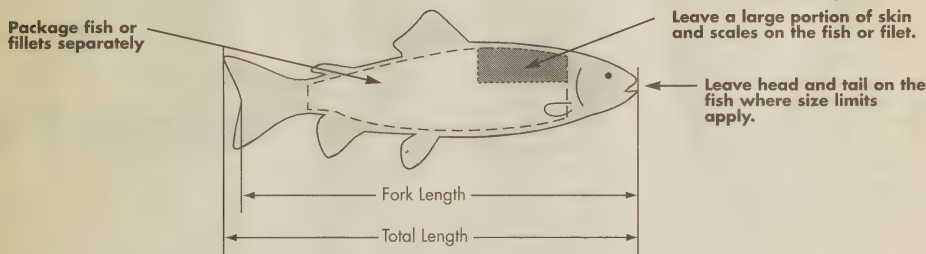

The package explains how age, growth and other important biological information can be obtained from a single bone located near the gill cover, called the "cleithrum" or shoulder bone. Proper procedure for removing the bone and submitting it for evaluation is also included. By submitting a cleithrum, you will be helping to ensure the sound management of this unique species. This information will be considered in a provincial review of muskellunge size limit regulations, which may affect year 2000 regulations.

Exporting, Transporting or Storing Fish

Many anglers travel long distances or cross international borders to catch the adventure of fishing in Ontario. We want to make sure that if you are exporting, transporting or storing fish, that you are doing it according to regulations that help us monitor and enforce laws in place to protect the resource. To prepare fish for exporting, transporting or storing, make sure that you:

- leave a large portion of the skin, including scales on all fish or fillets so they can be identified;
- wrap or freeze fish separately so they can be counted; and
- where length limits or size restrictions are in effect, leave both the head and tail on the fish so that it can be measured.

A good tip is to pack your fish in a bag or box by laying them flat and arranging them so that they can be easily identified, counted and measured.

Length Limits

Unless otherwise stated, size limits refer to **total length**, which is a measure from the tip of the mouth with the jaws closed to the tip of the tail, with the tail fin lobes compressed to give the maximum possible length.

On some waterbodies, the regulation may specify a size limit that is a fork length. **Fork length** is a measure from the tip of the mouth with the jaws closed to the central part of the tail fin.

Definitions of Fish Species and Families

Bait-fish includes

- the mudminnow family
- the sucker family
- the stickleback family
- the lake herring of the whitefish family
- the darter subfamily
- the trout-perch family
- the sculpin family
- crayfish
- the minnow family except carp and goldfish

Coarse Fish includes

- the gar family
- bowfin
- the catfish family
- burbot
- eel
- freshwater drum
- carp
- sucker

Panfish includes

- rockbass
- bluegill
- pumpkinseed

Salmon includes

- Atlantic salmon
- Pacific salmon - including coho, chinook, kokanee, pink

Trout includes

- aurora trout
- brook trout
- brown trout
- lake trout
- rainbow trout
- splake and backcross (hybrids of lake and brook trout)

Common Names of Ontario Fish

Pike:

northern pike, great northern pike, northern grass pike or jackfish

Walleye:

yellow pickerel, doré or pikeperch

Largemouth & Smallmouth Bass:

black bass and green bass

Muskellunge:

maskinonge and muskie (includes hybrids with pike)

Brook trout:

speckled trout, specks and brookies

Rainbow trout:

steelhead or Kamloops trout

Lake trout:

grey trout and salmon trout

Splake:

hybrid of lake trout and brook trout (stocked in inland waters)

Backcross:

hybrid of lake trout and splake

Pacific salmon (4 species):

coho, chinook or king, kokanee and pink salmon

Atlantic salmon:

ouananiche, land locked salmon

Crappie:

calico bass, strawberry bass

Bullhead:

mudpout, catfish, barbotte

Burbot:

ling, lawyer

Freshwater Drum:

sheepshead

Fish Identification

On the following pages are sketches of the types of fish most commonly sought in Ontario. Accompanying each picture is brief description of length and weight ranges of adult fish that anglers are likely to catch from Ontario's lakes and streams.

The record size for many of these species can be found on page 25.

Information is also provided on the following:

- (D):** distribution,
(S): spawning time,
(F): food consumed.

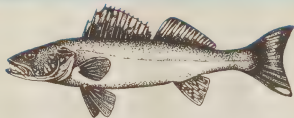

The fish illustrations were drawn by Rebecca Brebner, with the exception of the muskellunge and the sturgeon, which were drawn by Andreas Radman of the Ontario Ministry of Environment and Energy. These illustrations were redrawn based on original fish illustrations from two publications: Bulletin 184, Fisheries Research Board of Canada - "Freshwater Fishes of Canada" by Scott and Crossman, and "Fish of Ontario" (poster) distributed by the Ministry of Natural Resources.

Walleye

Length: 25-85 cm.
10-33 in.

Weight: 0.25-6.0 kg.
0.5-13.0 lb.

D: mainly cool, somewhat turbid waters throughout Ontario
S: early spring
F: mainly fish

Sauger

Length: 25-41 cm.
10-16 in.

Weight: to 0.5 kg.
1.0 lb.

D: large, shallow, turbid waters throughout Ontario
S: late May and early June
F: fish, insects and freshwater shrimp

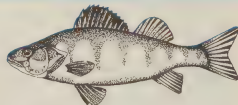

Yellow Perch

Length: 15-30 cm.
6-12 in.

Weight: 0.2-0.3 kg.
0.4-0.7 lb.

D: clear waters with some vegetation throughout Ontario
S: April or May
F: insects, crayfish, snails and fish

Northern Pike

Length: 45-100 cm.
18-39 in.

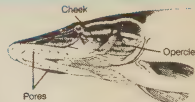

Weight: 0.7-8.0 kg.
1.5-17.5 lb.

D: quiet, heavily vegetated waters throughout Ontario
S: early spring
F: adults consume fish, but also take ducklings, frogs and small muskrats

Pike

Cheek fully scaled, upper half of opercle only scaled, 10 pores on undersides of lower jaw. Northern pike. (*E. lucius*)

Muskie

Cheek and opercle both scaled only on upper half, 12-18 pores on undersides of lower jaw. Great Lakes muskellunge (*E. masquinongy*)

Muskellunge

Length: 71-117 cm.
28-46 in.

Weight: 3.5-16.0 kg.
8.0-35.0 lb.

D: quiet, weedy areas of lakes and rivers
S: spring
F: mainly fish, but also crayfish, frogs, mice, muskrats and waterfowl

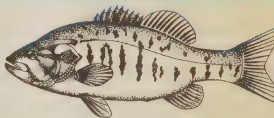

Smallmouth Bass

Length: 25-50 cm.
10-22 in.

Weight: 0.5-2.3 kg.
1.0-5.0 lb.

D: clear, rocky waters with little vegetation from southern Ontario to Timiskaming
S: June
F: fish, crayfish, insects

Largemouth Bass

Length: 25-55 cm.
10-22 in.

Weight: 0.3-2.3 kg.
0.7-5.0 lb.

D: warm, weedy, slow or still waters with mud bottoms, in southern Ontario
S: June
F: mainly fish, but also crayfish and frogs

Rock Bass

Length: 15-20 cm.
6-8 in.

Weight: 0.2-0.45 kg.
0.5-1.0 lb.

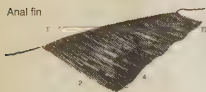

D: warm, clear, shallow, slow waters with gravel or rocky bottoms, northward to Lake Abitibi
S: spring
F: insects, crayfish, small fish

Chinook Salmon

Length: 30-100 cm.
12-39 in.

Weight: 0.5-18.0 kg.
1.0-40 lb.

Start ray count from first rudimentary ray no.1. The last ray usually is branched to bottom.

D: introduced into Great Lakes from Pacific West Coast
S: at maturity, swims up rivers to spawn in fall; dies after spawning
F: mainly smelt and alewives

Pink Salmon

Length: to 46 cm.
18 in.

D: has spread naturally through Great Lakes after introduction from Pacific West Coast into Lake Superior
S: at maturity, travels up rivers to spawn in fall; dies after spawning
F: smelt, insects

Rainbow Trout

Length: 15-75 cm.
6-30 in.

Weight: 0.2-5.5 kg.
0.5-12.0 lb.

D: primarily a lake fish throughout Great Lakes area; introduced from Pacific West Coast
S: migrates up river to spawn from December to May
F: insects, freshwater shrimp, fish, snails, clams, leeches

Coho Salmon

Length: 30-75 cm.
12-30 in.

Weight: 0.5-8.0 kg.
1.0-18.0 lb.

D: introduced into Great Lakes in the mid 1960s from Pacific West Coast
S: swims up rivers in late fall to spawn at maturity, dies after spawning
F: mainly smelt and alewives

Lake Trout

Length: 30-80 cm.
12-31 in.

Weight: 0.27-4.5 kg.
0.6-10.0 lb.

D: cool waters of deep lakes throughout much of Ontario
S: October
F: fish, insect larvae and plankton

Brown Trout

Length: 15-65 cm.
6-16 in.

Weight: 0.2-4.5 kg.
0.5-10.0 lb.

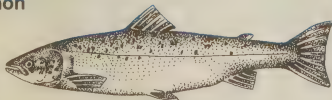

D: introduced from Europe into Southern Ontario streams
S: fall
F: insects, fish, crayfish, worms

Atlantic Salmon

Length: 25-70 cm.
10-28 in.

Weight: 0.9-3.6 kg.
2.0-8.0 lb.

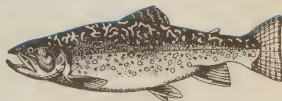

D: recently stocked in Lake Ontario and Trout Lake (North Bay)
S: fall; may enter rivers from mid-summer; can spawn more than once
F: mainly smelt and alewives in Lake Ontario

Brook Trout

Length: 15-40 cm.
6-16 in.

Weight: 0.2-0.9 kg.
0.5-2.0 lb.

D: cool, clear streams and small lakes
S: late fall
F: insects, fish, crayfish, clams, snails

Lake Whitefish

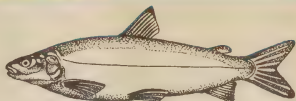

Length: 30-65 cm.
12-26 in.

Weight: 0.3-4.0 kg.
0.5-9.0 lb.

D: many inland lakes from Great Lakes to Hudson Bay

S: November and December

F: aquatic insect larvae, clams, snails and plankton

Profiles of whitefish and herring showing differences due to position of snout or upper jaw.

Lake Whitefish

A: The mouth is overhanging by the snout or upper jaw; rounded profile. Whitefish (*Coregonus clupeaformis*).

**Cisco (Lake Herring)**

B: The mouth is not overhanging by the snout; pointed profile. Whitefish (*Coregonus artedii*).

**Cisco (Lake Herring)**

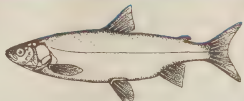

Length: 20-30 cm.
8-12 in.

Weight: 0.3-0.5 kg.
0.5-1.0 lb.

D: cold waters throughout Great Lakes to Hudson Bay

S: November or December

F: mainly plankton, but also aquatic insects, clams and snails

**Round Whitefish**

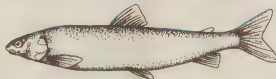

Length: 20-40 cm.
8-16 in.

Weight: average 0.45 kg.
1.0 lb.

D: usually found in deep lakes in southern Ontario and Great Lakes

S: fall

F: bottom feeder, eating aquatic insect larvae, clams and snails

**White Sucker**

Length: 30-50 cm.
12-20 in.

Weight: 0.45-0.9 kg.
1.0-2.0 lb.

D: warm shallow lakes and tributary rivers of larger lakes

S: spring

F: sucks up bottom material for aquatic insects, clams, worms, and aquatic plant material

**Redhorse Sucker**

Length: 30-45 cm.
12-18 in.

Weight: 0.45-0.9 kg.
1-2 lb.

D: throughout Ontario

S: spring

F: sucks up bottom material for aquatic insects, snails and clams

**Channel Catfish**

Length: 36-53 cm.
14-21 in.

Weight: 0.9-1.8 kg.
2.0-4.0 lb.

D: Great Lakes and larger lakes and rivers in southern Ontario and parts of northern Ontario

S: spring or summer

F: fish, aquatic insects, crayfish, clams and snails

**Brown Bullhead**

Length: 20-36 cm.
8-14 in.

Weight: 0.3-0.45 kg.
0.8-1.0 lb.

D: warm, slow waters throughout southern Ontario and parts of northern Ontario

S: spring

F: insect larvae, crayfish, worms, clams, snails, fish and plant material

**Carp**

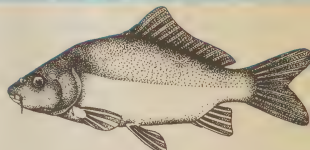

Length: 30-75 cm.
12-30 in.

Weight: 0.5-11.0 kg.
1.0-24.0 lb.

D: widely introduced into Ontario in shallow, fairly warm waters

S: June and July

F: insects larvae, crayfish, snails and plants

**White Bass**

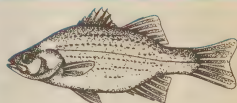

Length: 20-30 cm.
8-12 in.

Weight: to 0.7 kg.
1.5 lb.

D: clear waters near rock reefs and sand bars in lower Great Lakes area

S: spring

F: small fish, insects, small plant material and crayfish

**White Perch**

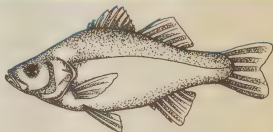

Length: 15-25 cm.
6-10 in.

Weight: 0.2-0.5 kg.
0.5-1.0 lb.

D: Lake Ontario, Lake Erie, lower Niagara River and Welland Canal

S: May and June

F: insects and fish

**Freshwater Drum**

Length: 45-50 cm.
18-20 in.

Weight: 0.5-1.0 kg.
1.0-2.0 lb.

D: large shallow waterbodies with mud or sandy bottoms

S: spring or early summer

F: feed on bottom, eating snails, crayfish, fish and insects

White Crappie

Length: 20-30 cm.
8-12 in.

D: mouths of tributary streams or weedy sheltered bays in lower Great Lakes area
S: late spring or early summer
F: aquatic insects, small fish

Black Crappie

Length: 18-25 cm.
7-10 in.

Weight: 0.25-0.5 kg.
0.5-1.0 lb.

D: clear, weedy lakes and slow rivers northward to Sault Ste. Marie
S: May and June
F: small fish, insects and crayfish

Pumpkinseed

Length: 18-23 cm.
7-9 in.
Weight: less than 0.2 kg.
0.5 lb.

D: clear, shallow weedy waters northward to Temagami
S: spring
F: insects, snails

Bluegill

Length: 15-30 cm.
6-12 in.

D: warm, vegetated still waters throughout southern Ontario
S: spring and summer
F: insects, vegetation

Goldeye

Length: 25-38 cm.
10-15 in.

D: parts of NE & NW Ontario often in swift silty waters
S: spring
F: insects, snails, crayfish, fish

Mooneye

Length: 25-30 cm.
10-12 in.

D: clear rivers and shallows waters of lakes
S: spring
F: fish, insects, snails and small plant matter

Ling (Burbot)

Length: to 38 cm.
15 in.

D: cool waters of lakes and rivers throughout Ontario
S: late winter or early spring
F: fish, crayfish, freshwater shrimp and insects

American Eel

Length: 61-91 cm.
2-3 ft.

D: mainly in St. Lawrence River and Ottawa River drainage, and Lake Ontario
S: adults spawn once in Atlantic Ocean in fall, then die; young return to lakes and rivers in spring
F: fish, aquatic insect larvae, crayfish, snails, earthworms

Bowfin

Length: 46-61 cm.
18-24 in.

Weight: 0.9-1.4 kg.
2.0-3.0 lb.

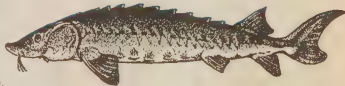

D: swampy vegetated bays of warm lakes and rivers
S: spring
F: fish, crayfish, frogs

Sturgeon

Length: 90-145 cm.
3-5 ft.

Weight: 4.5-36 kg.
10.0-80.0 lb.

D: larger rivers and lakes, usually in depths less than 30 feet
S: spring; attain great ages, not maturing until about 20 years of age
F: bottom feeder, consuming insect larvae, snails and crayfish

Rainbow Smelt

Length: 15-25 cm.
6-10 in.

D: throughout Great Lakes area
S: late April
F: small fish, small aquatic life, worms

Southwestern Ontario

(Map A - Includes Divisions 1,2,3,4, and 5)

GUIDE

TO EATING
ONTARIO SPORT FISH

Ontario

Contaminants in Sport Fish

Fish can accumulate contaminants to levels that may pose a health hazard to the public. To protect the health of those who consume sport fish, the Ontario Government tests fish from lakes and rivers throughout the province for a wide variety of contaminants such as mercury, PCBs, DDT, mirex, toxaphene and dioxins. The results of this testing program are made available through the **Guide to Eating Ontario Sport Fish**. The Guide provides species and size-specific advice on fish consumption from over 1600 locations throughout Ontario.

The new **1999-2000 Guide to Eating Ontario Sport Fish** will be available free of charge from offices of the Ministries of Natural Resources and Environment by the end of March 1999. Copies can also be obtained by contacting the Sport Fish Contaminant Monitoring Program at the address and phone numbers given below. As well, if you have any specific questions on contaminants in Ontario sport fish or are not sure if the fish you have caught are suitable for consumption, you may contact staff at the same numbers:

Sport Fish Contaminant Monitoring Program
Ontario Ministry of the Environment
125 Resources Road
Etobicoke, Ontario, M9P 3V6
Telephone: (416) - 235 - 6220

Southwestern Ontario (Map A)

Standard Catch and Possession Limits

See p. 7 for definition and Conservation Licence Limits.

Northern Pike

Catch limit: Six (6) in one day.

Walleye (Yellow Pickerel), Sauger or any combination thereof

Catch limit: Six (6) in one day.

Largemouth Bass, Smallmouth Bass or any combination thereof

Catch limit: Six (6) in one day.

Muskellunge

Catch limit: One (1) in one day.

Size limit: Two (2).

Size limit:

- Div. 1: minimum length of 106.7 cm (42 in.)
- Div. 2 (except the Niagara River): minimum length of 102 cm (40 in.)
- Niagara River (Div. 2): minimum length of 94 cm (37 in.)
- Divs. 3, 4 & 5: minimum length of 86 cm (34 in.)

Sturgeon

Catch limit: One (1) in one day.

Whitefish

Catch limit:

- Div. 5: two (2) in one day.
- All other waters in Map A Divisions: twenty-five (25) in one day.

Lake Herring

Catch limit:

- Lake Simcoe (Div. 5): six (6) in one day.
- All other waters on Map A - no limit.

Yellow Perch

Catch limit:

- Div. 1: fifty (50) in one day.
- Div. 5: daily catch limit of fifty (50). Possession limit of one-hundred (100).
- No other division wide limits apply on Map A.

Salmon and Trout

(see Definitions on p. 13)

If you are fishing for one species of salmon or trout refer to Part B: "Catch and Possession Limits for Individual Species of Salmon and Trout". If you are fishing for more than one species of salmon or trout refer to both Part A and Part B.

A. Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding Individual Species Limits listed in Part B or in the Exceptions to the General Regulations)

- Divs. 1 & 2 (Lake Erie, Lake Huron and the west half of Lake Ontario): five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and splake combined.
- Divs. 3, 4, & 5: five (5) salmon and trout in one day, but not more than two (2) may be lake trout or more than one (1) may be Atlantic salmon.

B. Catch and Possession Limits for Individual Species of Salmon and Trout

(Subject to Combined Species Limits in Part A)

Brook Trout

- Divs. 1 & 2: three (3) in one day.
- Div. 3, 4 & 5: five (5) in one day.

Brown Trout

Five (5) in one day.

Rainbow Trout

Five (5) in one day.

Lake Trout

- Divs. 1 & 2: three (3) in one day.
- Divs. 3, 4 & 5: two (2) in one day.

Splake

- Divs. 1 & 2: three (3) in one day.
- Divs. 3 & 4: five (5) in one day.

Pacific Salmon

Five (5) in one day.

Atlantic Salmon

One (1) in one day.

Minimum length of 63 cm (24.8 in.) in:

- Lake Ontario (Div. 2);
- Waters in the Regional Municipality of Niagara (Div. 3); and
- Waters in the regional municipalities of Hamilton-Wentworth (including Hamilton Harbour), Halton, Peel, York and Durham (including the Town of Whitby and the City of Oshawa) (Div. 4).

Fall Fishing for Rainbow and Brown Trout - Southwestern Ontario (Map A)

The normal open season [Apr. 24 (last Sat.) - Sept. 30] is extended to Apr. 24 (last Sat.) - Dec. 31 in:

Division 3

Elgin County

Big Otter Creek: Bayham Twp.

Little Otter Creek: East branch of Big Otter Creek, in Bayham Twp.

Thames River (main branch) excluding its tributaries.

Middlesex County

Thames River and North Thames River excluding their tributaries

Regional Municipality of Haldimand-Norfolk

Big Creek and North Creek: South of Hwy. 3 in Delhi and Norfolk Twp. or the former townships of Middleton, Charlotteville, North Walsingham and South Walsingham.

Grand River: from the boundary of the County of Brant downstream to the edge of Lake Erie (see Grand River in Div. 4 on this page).

Young's (Ryerse) Creek: Twp. of Delhi and the City of Nanticoke or the former Twp. of Charlotteville and Woodhouse, from the mill dam on Lot 23, Conc. III, Charlotteville Twp., to Lake Erie.

Division 4

Brant County

Grand River: from 25 m (82 ft.) downstream of Wilkes Dam in the city of Brantford downstream to the boundary of the County of Brant (see Grand River in Div. 3 on this page).

Bruce County

Little Sauble River: Bruce Twp. from Hwy. 21 to Lake Huron.

Sauble River: Amabel Twp. from Sauble Falls to Lake Huron.

Saugeen River: Arran, Amabel, Brant, Elderslie and Saugeen Twp. and in the Town of Walkerton and the Village of Paisley, between the Truxa Dam (Walkerton) and the westerly edge of the abutments of Denny's Dam.

Grey County

Beaver River: Collingwood Twp. from the Thunbury hydro dam to Georgian Bay.

Bighead River: St. Vincent Twp.

Huron County

Bayfield River: Goderich and Stanley Twp. from Hwy. 4 to Hwy. 21.

Marland River: Colborne, Goderich, Turnberry, East and West Wawanosh Twp. between Hwy. 4 and Hwy. 21.

Nine Mile (Lucknow) River: Ashfield and West Wawanosh Twp. between Hwy. 86 and Lake Huron.

Simcoe County

Hog Creek: Tay Twp. from the C.P.R. bridge to Georgian Bay.

North River: Matchedash Twp. from MacLaughlins Falls to Matchedash Bay (Georgian Bay).

Sturgeon River: in Tay and Medonte Twp. to Georgian Bay.

Regional Municipality of Durham

South of Hwy. 2.

Regional Municipality of Halton

Bronte Creek: Town of Oakville between Hwy. 5 and the unopened road allowance at Rebecca Street.

Stream Mouths with a Year-Round Open Season on Rainbow and Brown Trout - Southwestern Ontario (Map A)

Division 3

Regional Municipality of Haldimand-Norfolk

Big Creek: Delhi and Norfolk Twp. from Regional Road 21 to Long Point Bay of Lake Erie.

Black Creek: City of Nanticoke from Hwy. 3 to Lake Erie.

Lynn River: Town of Port Dover and the City of Nanticoke from the Misner Dam to Lake Erie.

Trout Pond of Waterford Ponds: City of Nanticoke.

Young's Creek: City of Nanticoke formerly the Twp. of Woodhouse, from the downstream side of the lakeshore road bridge to the waters edge of Lake Erie at Port Ryerse.

Regional Municipality of Niagara

Fifteen Mile Creek: City of St. Catharines and Town of Lincoln between the Queen Elizabeth Way and Lake Ontario.

Forty Mile Creek: Town of Grimsby between the Queen Elizabeth Way and Lake Ontario.

Sixteen Mile Creek: Town of Lincoln between the Queen Elizabeth Way and Lake Ontario.

Twelve Mile Creek: City of St. Catharines between Lakeport Road and Lake Ontario.

Twenty Mile Creek: Town of Lincoln between the Queen Elizabeth Way and Lake Ontario.

Lambton County

Asable River: Bosanquet Twp. from Hwy. 21 bridge to Lake Huron at Port Frank (known as "The Cut").

Division 4

Bruce County

Pennetangier River: Town of Kincardine from Queen Street to Lake Huron.

Sauble River: Amabel Twp., 440 m (1,444 ft.) downstream from the lowest ledge of Sauble Falls to Lake Huron.

Saugeen River: Saugeen and Amabel Twps. from the cement abutments below Denny's Dam to Lake Huron.

Grey County

Bighead River: Town of Meaford from the Hwy. 26 bridge to Nottawasaga Bay (Georgian Bay).

Pottawatomi River: City of Owen Sound from the intersection of 15th Street West and 7th Avenue to Georgian Bay.

Sydenham River: City of Owen Sound from a point 177 m (581 ft.) downstream from the Mill Dam to Georgian Bay.

Teller (Bothwell's) Creek: Sydenham Twp. from the bridge on County Road 15 to Georgian Bay.

Huron County

Bayfield River: Goderich and Stanley Twps. from Hwy. 21 to Lake Huron.

Maitland River: Colborne Twp. and the Town of Goderich from Hwy. 21 to Lake Huron.

Exceptions to the General Regulations (also see General Areas listed on p. 24) - all dates inclusive

Waters of Southwestern Ontario (Map A)	Div	Exceptions
Ausable River - Bosanquet Twp. from Hwy. 21 bridge to Lake Huron at Port Franks (known as 'The Cut'). Bass Lake - Grey County.	3	Rainbow and brown trout open all year.
Bayfield River - Goderich and Stanley Twps. from Hwy. 21 to Lake Huron.	4	Brook trout, brown trout and rainbow trout open from Jan. 1 - Mar. 31 and Apr. 24 (last Sat.) - Sept. 30.
Bayfield River - Goderich and Stanley Twps. from Hwy. 4 to Hwy. 21.	4	Rainbow and brown trout open all year. Northern pike, walleye and sauger open all year. Muskellunge open from June 5 (1st Sat.) - Nov. 30. Sturgeon open all year. Whitefish open all year. All other species not listed here except largemouth and smallmouth bass and brook trout open from Apr. 24 (last Sat.) - Dec. 31.
Bayfield River on upstream side of Hwy. 21 bridge in Huron County. Bayfield River Tributaries - Huron County. Beatty Saugeen River and tributaries - Normanby, Bentinck Twps. and that part of Egremont Twp. from Hwy. 6 upstream to the dams at Orchard Park. Beaver River - Collingwood Twp. from the Thornbury hydro dam to Georgian Bay (Grey County). Beaver River - Brock Twp., west of Hwy. 12/48. Bells Lake - Grey County.	4	Rainbow and brown trout open from Apr. 24 (last Sat.) - Dec. 31.
Big Creek - Delhi and Norfolk Twps. from Regional Road 21 to Long Point Bay of Lake Erie. Big Creek - Delhi Twp., south of the Quance Dam to Regional Road 21 at Lynedoch. Big Creek in the Twp. of Delhi lying southerly of the dam in the Hamlet of Teeterville to the Quance Dam in the Town of Delhi. Big Otter Creek - Bayham Twp. Bighead River - St. Vincent Twp. (Grey County). Bighead River - Town of Meaford from the Hwy. 26 bridge to Nottawasaga Bay (Georgian Bay) (Grey County). Black Creek - City of Burlington and Flamborough Twp., from the C.P.R. track in the Village of Progression, downstream to Hwy. 5, including part of Limestone Creek upstream to Steeles Avenue in the town of Milton. Black River - Town of Georgina. Boyne River - Toronto Twp., from the dam in Earl Rowe Provincial Park downstream to the park boundary. Bruce and Grey Counties (inland rivers/streams only) excluding:

Little Sauble River - Bruce Twp. from Hwy. 21 to Lake Huron; Sauble River - Amabel Twp. from Sauble Falls to Lake Huron; Saugueen River - Arran, Amabel, Brant, Elderstie and Saugueen Twps.; in the Town of Walkerton and the Village of Paisley, between the Trux Dam (Walkerton) and the westerly edge of the abutments of Denny's Dam.

Penetanguishen River - Town of Kincardine from Queen Street to Lake Huron; Sauble River - Amabel Twp., 440 m (1444 ft) downstream from the lowest ledge of Sauble Falls to Lake Huron; Saugueen River - Saugueen and Amabel Twps. from the cement abutments below Denny's Dam to Lake Huron; Beaver River - Collingwood Twp. from the Thornbury hydro dam to Georgian Bay; Bighead River - St. Vincent Twp.; Bighead River - Town of Meaford from the Hwy. 26 bridge to Nottawasaga Bay (Georgian Bay); Keeler's Creek - Sydenham Twp. from the bridge on County Road 15 to Georgian Bay; Potawatomi River - City of Owen Sound from the intersection of 15th Street West and 7th Avenue to Georgian Bay; Sydenham River - City of Owen Sound from a point 177 m (581 ft) downstream from the Mill Dam to Georgian Bay and Teller (Bothwell's) Creek - Sydenham Twp. from the bridge on County Road 15 to Georgian Bay.

Elgin County.

Regional Municipality of Durham.

- 3 Rainbow trout catch limit: of two (2) in one day, and Conservation Catch limit of one (1) in one day.
- 4 Rainbow trout catch limit: of two (2) in one day, and Conservation Catch limit of one (1) in one day.
- 4 Northern pike, walleye, sauger: Open from May 8 (2nd Sat.) - Sept. 30
- 4 Largemouth and smallmouth bass: Open from June 26 (last Sat.) - Sept. 30
- 4 Muskellunge - Open from June 5 (1st Sat.) - Sept. 30
- 4 Lake trout and splake, Pacific salmon, Atlantic salmon, sturgeon, whitefish and all other species not listed above: Open from Apr. 24 (last Sat.) - Sept. 30.
- 3 Rainbow trout open from Apr. 24 (last Sat.) - Dec. 31.
- 4 All Waters:
 - Northern pike, walleye and sauger open from May 8 (2nd Sat.) - Nov. 15
 - Largemouth and smallmouth bass open from June 26 (last Sat.) - Nov. 15
 - Muskellunge open from June 5 (1st Sat.) - Nov. 15
 - Lake trout and splake open from Apr. 24 (last Sat.) - Oct. 10
 - Sturgeon open from Apr. 24 (last Sat.) - Nov. 15
 - Whitefish open from Apr. 24 (last Sat.) - Nov. 15
 - Brook trout open from Apr. 24 (last Sat.) - Sept. 30
- North of Hwy. 2
 - Pacific salmon open from Apr. 24 (last Sat.) - Sept. 30
- Between Hwy 2 and the southerly limit of the C.N.R. tracks:
 - Rainbow and brown trout open from Apr. 24 (last Sat.) - Dec. 31
 - Pacific salmon open from Apr. 24 (last Sat.) - Dec. 31
 - Atlantic salmon closed all year
- Between the southerly limit of the C.N.R. tracks and Lake Ontario
 - Rainbow and brown trout open all year
 - Pacific salmon open all year
 - Atlantic salmon open all year
- All other species not listed here open from Apr. 24 (last Sat.) - Nov. 15.
- 3 Atlantic salmon open all year.
- 4 Atlantic salmon closed all year.
- 4 Atlantic salmon open all year.
- 4 Atlantic salmon closed all year.

Regional Municipality of Niagara - waters lying downstream of the Queen Elizabeth Way.

Regional Municipality of Niagara - waters lying upstream of the Queen Elizabeth Way.

Waters in the regional municipalities of Hamilton-Wentworth (including Hamilton Harbour), Halton, Peel and York lying downstream of the Queen Elizabeth Way.

Waters in the regional municipalities of Hamilton-Wentworth (excluding Hamilton Harbour), Halton, Peel and York lying upstream of the Queen Elizabeth Way.

A POACHER IS A THIEF

Ontario's wildlife and fisheries are an important part of our natural heritage. Our game and fish laws help sustain these resources for today's users, and for our children and future generations.

Breaking these laws by poaching is a crime.

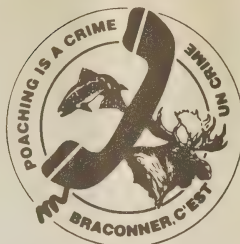

Help protect the future of hunting and fishing in Ontario by getting involved.

If you see a poacher, call Crime Stoppers. For any other fisheries information or enquiries, please contact your local Ministry of Natural Resources office (p.70).

Crime Stoppers and MNR encourage hunters and anglers to provide the authorities with information about poaching and other crimes. Crime Stoppers gives you complete anonymity and, with the arrest of offenders, a cash reward of up to \$1,000.

By helping Crime Stoppers, you can help reduce the harm caused to our fisheries, wildlife, forests and communities by poaching and other crimes.

Ontario Record Fish Registry

The Ontario Federation of Anglers and Hunters operates the Ontario Record Fish Registry. This registry recognizes the largest fish caught in Ontario of each of 47 species. For more information, please contact:

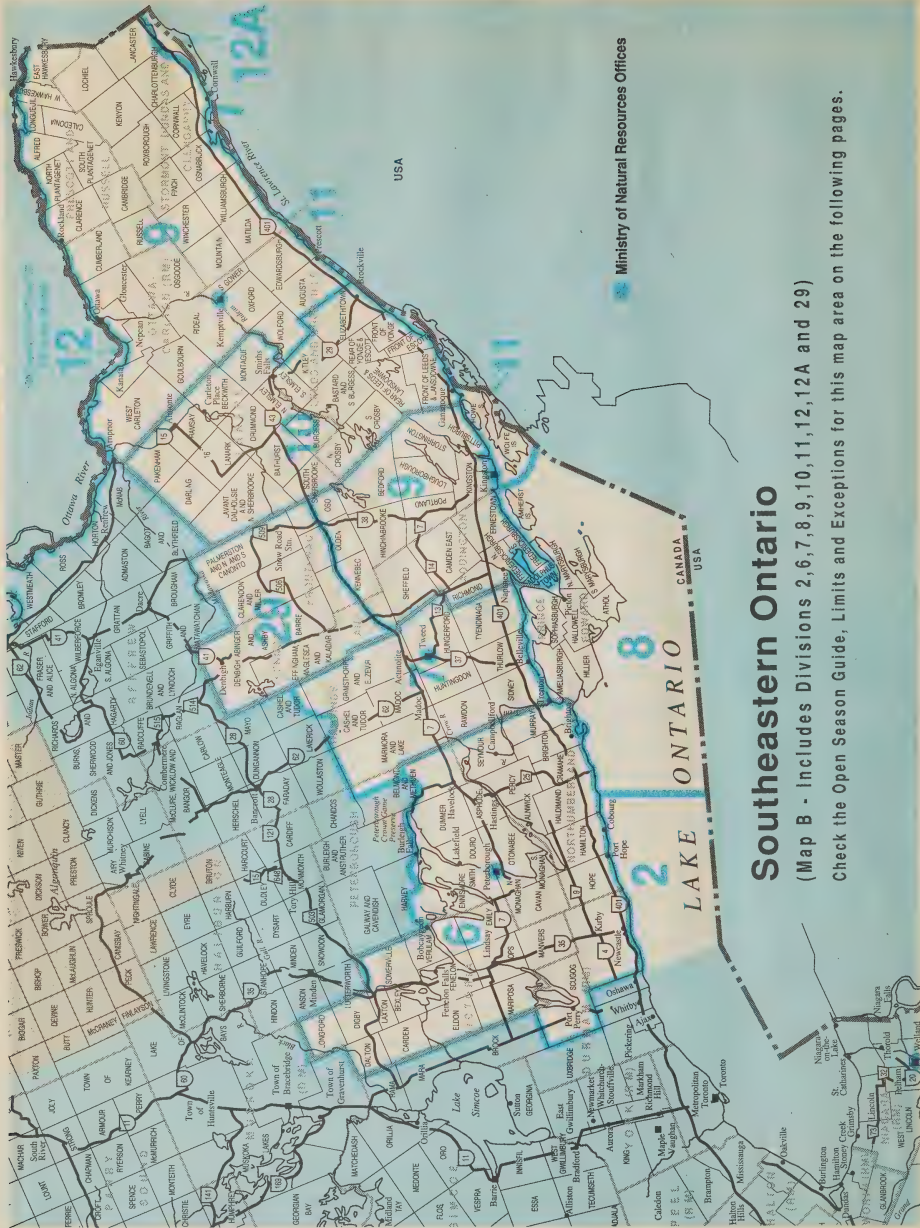

The Ontario Federation of Anglers and Hunters
P.O. Box 2800
Peterborough ON K9J 8L5
Telephone: (705) 748-6324
Fax: (705) 748-9577
Internet: <http://www.ofah.org> e-mail: ofah@ofah.org

The Registry includes the following records, as of 1998:

	lbs.*	kgs.
Atlantic Salmon	24.30	11.0
Aurora Trout	5.75	2.6
Black Crappie	3.78	1.7
Brook Trout	14.50	6.6
Brown Trout	34.38	15.6
Chinook Salmon	45.38	20.6
Coho Salmon	26.64	12.1
Lake Herring (Cisco)	4.33	2.0
Lake Trout	63.12	28.6

	lbs.*	kgs.
Lake Whitefish	14.77	6.7
Largemouth Bass	10.43	4.7
Muskellunge	65.00	29.5
Northern Pike	42.12	19.1
Rainbow Trout	29.12	13.2
Smallmouth Bass	9.84	4.5
Lake Sturgeon	168.00	76.2
Walleye	22.25	10.1
Yellow Perch	2.25	1.0

* Pounds are the official unit of measurement.

Ministry of Natural Resources Offices

Southeastern Ontario

(Map B - Includes Divisions 2, 6, 7, 8, 9, 10, 11, 12, 12A and 29)

Check the Open Season Guide, Limits and Exceptions for this map area on the following pages.

Southeastern Ontario Regulations (Map B) - Open Season Guide

NOTE: Check exceptions to seasons for specific lakes and streams on pgs. 29 to 31.

	Open all year										

Southeastern Ontario (Map B)

New Division

- **Division 12A** has been created for Lake St. Francis, including the St. Lawrence River, east of the Robert H. Saunders Generating Station to the Quebec border.

Standard Catch and Possession Limits

See p. 7 for definition and Conservation Licence Limits.

Northern Pike

Catch limit: Six (6) in one day.

Walleye (Yellow Pickerel), Sauger or any combination thereof

Catch limit:

- Div. 8: four (4) in one day;
- All other waters in Map B Divisions: six (6) in one day.

Size limit:

- Div. 10 - minimum length of 35 cm (13.8 in.).

Largemouth Bass, Smallmouth Bass or any combination thereof

Catch limit: Six (6) in one day.

Size limit:

- Div. 10: Minimum length of 30 cm (11.8 in.).

Muskellunge

Catch limit: One (1) in one day.

Possession limit: Two (2).

Size limit:

- Divs. 2 & 8: minimum length of 102 cm (40 in.).
- Div. 11 and Lake St. Francis (Div. 12A): minimum total length of 112 cm (44.1 in.).
- Ottawa River (Div. 12): minimum fork length of 104 cm (40.9 in.).
- The following Div. 7 waters: Stoco Lake, Moira Lake, Crowe Lake; Moira River from the first dam above Lake Ontario (in the city of Belleville), upstream to Hwy. 7; Crowe River from Crowe Lake downstream to the westerly boundary of the County of Hastings; Trent River from first dam (Number One) above Lake Ontario, upstream to Lock Nine (Meyers Lock) at the head of Percy Reach; minimum length of 102 cm (40.1 in.).

- All other waters in Map B Divisions: minimum total length of 86 cm (33.9 in.).

Sturgeon

Catch limit: One (1) in one day.

Crappie

Catch limit:

- Divs. 8, 9, 10, 11, 12, 12A & 29: thirty (30) in one day.
- All other waters in Map B - no limit.

Whitefish

Catch limit: twenty-five (25) in one day except:

- Ottawa River (Div. 12): five (5) in one day.

Yellow Perch

- Lake St. Francis (Div. 12A), and the waters in Lancaster and Charlottetown Townships and the City of Cornwall, excluding the waters of the St. Lawrence River west of the dam at the Robert H. Saunders Generating Station, in Div. 9: catch limit one-hundred (100), possession limit two-hundred (200). In addition, anglers fishing from a boat in these waters cannot have more than one-hundred (100) perch onboard, even if some or all the perch were taken from other waters.

- all other waters in Map B - no limit.

Salmon and Trout

(see Definitions on p. 13)

If you are fishing for one species of salmon or trout refer to Part B: "Catch and Possession Limits for Individual Species of Salmon and Trout". If you are fishing for more than one species of salmon or trout refer to both Part A and Part B.

A. Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding Individual Species Limits listed in Part B or the Exceptions to the General Regulations)

- Divs. 6, 7, 9, 10, 12, 12A & 29: five (5) salmon and trout combined, in one day.
- Lake Ontario and the St. Lawrence River (Divs. 2, 8 & 11) excluding Lake St. Francis (Div. 12A): five (5) salmon and trout in one day, but not more than three (3) may be Lake Trout, Brook Trout, and Splake combined.

B. Catch and Possession Limits for Individual Species of Salmon and Trout

(Subject to Combined Species Limits in Part A)

Brook Trout

Five (5) in one day, except:

- Lake Ontario and the St. Lawrence River (Divs. 2, 8 & 11): three (3) in one day.

Brown Trout

Five (5) in one day.

Rainbow Trout

Five (5) in one day.

Lake Trout

- Divs. 2, 8 & 11: three (3) in one day
- Divs. 6, 7, 9, 10, 12A & 29 two (2) in one day
- Ottawa River (Div. 12): two (2) in one day, zero (0) between 40 cm (15.7 in.) and 55 cm (21.7 in.) fork length.

Splake

Five (5) in one day, except:

- Lake Ontario and the St. Lawrence River (Divs. 2, 8 & 11): three (3) in one day.
- Ottawa River (Div. 12): two (2) in one day.

Pacific Salmon

Five (5) in one day.

Atlantic Salmon

One (1) in one day.

- Lake Ontario (Divs. 2 & 8), and waters in the Town of Newcastle, and the townships of Hope, Hamilton, Haldimand, Cramahe, Brighton, and Murray (Div. 6): minimum length of 63 cm (24.8 in.).

Fall Fishing for Rainbow and Brown Trout - Southeastern Ontario (Map B)

The normal open season [Apr. 24 (last Sat.) - Sept. 30] is extended to Apr. 24 (last Sat.) - Dec. 31 in:

Division 6

- Regional Municipality of Durham South of Hwy. 2.
- Northumberland County South of Hwy. 2.

Stream Mouths with a Year-Round Open Season on Rainbow and Brown Trout - Southeastern Ontario (Map B)

Division 6

Regional Municipality of Durham

- All streams and rivers from the southern limit of the C.N.R. tracks to Lake Ontario.

Northumberland County

- The Ganaraska River, Gages Creek and Cobourg Brook (Factory Creek) lying between the southerly limit of the C.N.R. right-of-way to Lake Ontario.

Bait Restrictions

- You may not use or possess live fish for bait in certain waters in the counties of Lanark, Dundas and Stormont. Contact the local MNR office for details.

- In Divs. 9, 10 & 29 there is a year-round ban on fishing with live or dead lake herring (cisco) as bait.

General Notes

- Div. 10 includes Opinicon, Wolle and Silver Lakes in the County of Frontenac and White, Brook, Clyde and Bartraw Lakes in the County of Renfrew.
- A recreational angler may have either an Ontario Resident licence or a Quebec Resident

licence to fish in Divs. 12, 12A and Lake Timiskaming (Div. 18).

- All fishing is prohibited in Div. 6 (including Kawartha Lakes and Dalrymple Lake in Victoria and Simcoe Counties) from Nov. 16 to the Friday before the last Saturday in April in any year. **This restriction does not apply to Lake Scugog ice fishing in Jan. and Feb.; nor does it affect "Fall Fishing for Rainbow and Brown Trout" and "Stream Mouths with a Year Round Open Season" listed on the previous page.**

Exceptions to the General Regulations (also see General Areas listed on p. 31) - all dates inclusive.

Waters of Southeastern Ontario (Map B)	Div	Exceptions
Ashby Lake.	29	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Ashden Lake - Ashby Twp.	29	Lake trout open all year except Dec. 24
Barker Lake.	29	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Barnard Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Bennett Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Big Ohlmann Lake - Miller Twp.	29	Lake trout open all year except Dec. 24.
Big Rideau Lake.	10	The use of alewife or gizzard shad (live or dead) as bait is prohibited.
Black Creek - Front of Leeds and Lansdowne Twp.	10	Fish sanctuary - closed all year.

Brule Lake - Miller Twp.	29	Walleye open from May 15 (3rd Sat.) - Mar. 30.
Buckshot Lake - Miller and Abinger Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Burleigh Falls, Perry's Creek, Stony Lake - Smith and Harvey Twp., Trent-Severn Dam to Stony Lake.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Camp Lake (Little Macfie).	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Charleston Lake.	29	Lake trout open all year except Dec. 24
Chemung Lake - Bridgforth Causeway - Smith and Ennismore Twp., 100 m (328 ft.) on both sides of causeway on County Rd. No. 16.	10	The use of alewife or gizzard shad (live or dead) as bait is prohibited.
Christie Lake - Bathurst Twp.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 7 (Fri. before 2nd Sat.).
Christie Lake - 44°48'N, 76°26'W.	6	Fish sanctuary - no fishing from Apr. 1 - June 7 (1st Mon.).
Clayton Lake.	10	Walleye legal size under 35 cm (13.8 in.) and over 50 cm (19.7 in.).
Cobourg Brook (Factory Creek) lying between the southerly limit of the C.N.R. right-of-way and Lake Ontario.	10	Walleye minimum length of 41 cm (16.1 in.).
Cobourg Brook from the downstream side of the lamprey barrier downstream to the south side of the King St. Bridge in the town of Cobourg.	6	Rainbow and brown trout open all year.
Consecon Creek - Hillier and Ameliasburgh Twp., from the dam in the Village of Consecon to Weller's Bay.	6	Fish sanctuary - closed all year.
Consecon Creek - Hillier Twp., from Lot 86 in Conc. V to the mouth of the creek.	8	Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).
Crotch Lake.	8	Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).
Crotch Lake and Mississippi River - Palmerston Twp.; from Sidedam Rapids to north shore of Skull Island including McLean's Bay.	29	Walleye legal size under 46 cm (18.1 in.) and over 61 cm (24 in.).
Crowe River - Village of Marmora.	29	Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).
Crystal Lake - Ashby Twp.	7	Fish sanctuary - no fishing from Apr. 1 - May 7 (Fri. before 2nd Sat.).
Dalhousie Lake and Mississippi River within a 300 m (984 ft.) radius of the bridge of the town road crossing the Mississippi River where it enters Dalhousie Lake - Dalhousie Twp.	10	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Dickey Lake - Lake Twp.	10	Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).
Effingham Lake - Effingham Twp.	7	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Fawn Lake.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Fenelon Falls - Fenelon Twp., Trent-Severn Dam to second power line 1000 m (3281 ft.) downstream.	29	Walleye legal size under 46 cm (18.1 in.) and over 61 cm (24 in.).
Fox Lake - Ashby Twp.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Gages Creek lying between the southerly limit of the C.N.R. right-of-way to Lake Ontario.	29	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Ganaraska River - Town of Port Hope, from Hwy. 401 downstream to the south side of the Joyce St. Bridge.	6	Rainbow and brown trout open all year.
Ganaraska River lying between the southerly limit of the C.N.R. right-of-way and Lake Ontario.	6	Fish sanctuary - closed all year.
Gannon's Narrows - Harvey and Ennismore Twp.	6	Rainbow and brown trout open all year.
Green Lake - Lavant Twp.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 7 (Fri. before 2nd Sat.).
Grimsthorpe Lake - Grimsthorpe Twp.	10	Live fish may not be used as bait.
Gull River (Cobocank) - Bexley and Somerville Twp. from Trent-Severn Dam downstream to narrows approaching Balsam Lake.	7	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
Husley Falls - Seymour Twp., all water flowing from Seymour Lake from the north-westerly side of the bridge on County Road No. 50 to Crowe Bay.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Huasic Creek (known as Nash Creek) - Williamsburg Twp.	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Hoople Creek - Onondago Twp.	9	Fish sanctuary - no fishing from May 14 - June 25 (last Fri.).
Indian Lake - South Crosby Twp.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Indian River and Clayton Lake within a 300 m (984 ft.) radius of the Command Bridge crossing the Indian River where it enters Clayton Lake in Lanark Twp.	10	Lake trout and splake open from Feb. 6 (1st Sat.) - Feb. 21 (Sun. after 3rd Sat.) & Mar. 13 (2nd Sat.) to Nov. 30.
	10	Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).

South Nation River - Cambridge Twp., Coughlin's dam in Casselman downstream to the westerly limit of Lot 11 Conc. V.
South Nation River - Finch Twp., Hamlet of Cryslar.
South Nation River - North Plantagenet Twp., between north side of Conc. IV and a point 30.5 m (100 ft) upstream of C.P.R. right-of-way.
South Nation River - Winchester Twp., Village of Chesterville.
Talbot River - Brock and Mara Twp.s.
Talbot River - Kirkfield - Garden Twp., fronting Conc. VII, VIII and IX.
Tay River in lots 3-6 in Concession 2 & 3 in Bathurst Twp.
Tay Lake.
Thonel Lake.

Trent River - City of Trenton between the C.N.R. bridge and the Dundas Street bridge.

29 Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

29 Fish Sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
28 A person who is angling from a boat may use two (2) lines in the open waters of Lake Ontario except for the Bay of Quinte the waters lying west of the Glenora Ferry to the westmost entrance of the Murray Canal, Presque Isle Bay, Wellers Bay, East Lake, West Lake, Frenchman Bay, Hamilton Harbour and all tributaries of Lake Ontario.
Atlantic salmon minimum length of 63 cm (24.8 in.).
6 Walleye and sauger open from Jan. 1 - Feb. 28 (last day) & May 8 (2nd Sat.) - Nov. 15 (Nov. 15) perch open from Jan. 1 - Feb. 28 (last day) & Apr. 24 (last Sat.) - Nov. 15.
6 Fish sanctuary - no fishing from Apr. 1 - May 14 (Fri. before 2nd Sat.).
7 Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
7 Fish sanctuary - no fishing from Jan. 1 - June 25 (Fri. before last Sat.) & Dec. 1 - Dec. 31.
7 Lake trout open all year except Dec. 24.
10 Live fish may not be used as bait.
29 Lake trout open all year except Dec. 24.
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

29 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
29 Lake trout open all year except Dec. 24.
9 Northern pike and walleye open from May 15 (3rd Sat.) - Mar. 31.
29 Lake trout open all year except Dec. 24.
7 Rainbow trout closed from Oct. 1 to Apr. 23 (Fri. before last Sat.).
29 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
10 Fish sanctuary - closed all year.

10 Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).

10 Fish sanctuary - no fishing from Mar. 1 - June 7 (1st Mon.).

8 Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).
29 Lake trout closed from Dec. 1 - May 14 (Fri. before 3rd Sat.).
9 Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).
10 Fish sanctuary - closed all year.
10 Fish sanctuary - closed all year.
10 Fish sanctuary - closed all year.
10 Fish sanctuary - closed all year.
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).

6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
12 Muskellunge minimum fork length of 104 cm (41 in.)
12 Whitefish catch limit of five (5) in one day.
12 Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
29 Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
10 Live fish may not be used as bait.
29 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
10 Fish sanctuary - closed all year.
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
10 Walleye legal size under 35 cm (13.8 in.) and over 50 cm (19.7 in.).
29 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
9 Fish sanctuary - no fishing from Apr. 1 - Apr. 30.

10 The use of alewife or gizzard shad (live or dead) as bait is prohibited.
29 Lake trout open all year except Dec. 24.
29 Fish sanctuary - closed all year.
10 No walleye size limit.
29 Lake trout open all year except Dec. 24.
10 Fish sanctuary - closed all year.

10 Fish sanctuary - closed all year.
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
29 Lake trout open all year except Dec. 24.
29 Lake trout open all year except Dec. 24.
6 Rainbow and brown trout open all year.

9 Fish sanctuary - no fishing from Apr. 1 - Apr. 30.

9 Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
9 Fish sanctuary - no fishing from Apr. 1 - Apr. 30.

9 Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
6 Fish sanctuary - no fishing from Mar. 16 - June 25 (Fri. before last Sat.).
6 Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
9 Fish sanctuary - no fishing from Apr. 1 - June 7 (1st Mon.).
10 Walleye minimum length of 41 cm (16.1 in.).
7 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
7 Fish sanctuary - no fishing from Apr. 1 - Apr. 30 (Fri. before 1st Sat. in May).

Waters of Southeastern Ontario (Map B)	Div	Exceptions
Trent River fronting lots 4 & 5 Conc. VIII, Asphodel Twp. and Lots 1 & 15 Conc. XII, Percy Twp. (Village of Hastings)	6	Fish sanctuary - no fishing from Apr. 24 (last Sat.) - May 14 (Fri. after 2nd Sat.).
Trot Lake - Ashby Twp.	29	Lake trout open all year except Dec. 24.
Twin Island Lake.	29	Walleye legal size under 46 cm (18.1 in.) and over 61 cm (24 in.).
Weslemkoon Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Westport Pond - N. Crosby Twp.	10	Fish sanctuary - closed all year.
White Lake.	10	Walleye legal size under 35 cm (13.8 in.) and over 50 cm (19.7 in.).
White Lake - Olden Twp.	9	Fish sanctuary - closed all year.
Whitefish Lake (Jones Falls Bay) - S. Crosby Twp.	10	Fish sanctuary - closed all year.
Wilse Creek - Front of Leeds and Lansdowne Twp.	10	Fish sanctuary - closed all year.

General Areas of Southeastern Ontario (Map B)	Div	Exceptions
Cornwall Recreation Area - Cornwall Twp.	9	Live fish may not be used as bait.
George Challies' Fishing Area	9	Live fish may not be used as bait.
Lancaster and Charlottenburgh Townships and the City of Cornwall except for those waters of the St. Lawrence River (Lake St. Lawrence) west of the dam at the Robert H. Saunders Generating Station (see also Lake St. Francis).	9	Yellow perch closed from Apr. 1 - May 7 (Fri. before 2nd Sat.). Yellow perch daily catch limit of one hundred (100), possession limit of two hundred (200). Conservation catch limit of fifty (50), possession limit of one hundred (100).
Northumberland County South of Hwy. 2.	6	Rainbow and brown trout open from Apr. 24 (last Sat.) - Dec. 31.
Regional Municipality of Durham - All streams and rivers from the southerly limit of the C.N.R. tracks to Lake Ontario.	6	Rainbow and brown trout open all year.
Regional Municipality of Durham South of Hwy. 2.	6	Rainbow and brown trout open from Apr. 24 (last Sat.) - Dec. 31.
Waters lying between Hwy. 2 and the southerly limit of the C.N.R. right-of-way in the Town of Newcastle and in the townships of Hope, Hamilton, Haldimand, Cramahe, Brighton and Murray.	6	Pacific salmon open from Apr. 24 (last Sat.) - Dec. 31. Atlantic salmon closed all year.
Waters lying between the southerly limit of the C.N.R. right-of-way and Lake Ontario in the Town of Newcastle and in the townships of Hope, Hamilton, Haldimand, Cramahe, Brighton and Murray.	6	Pacific salmon open all year. Atlantic salmon open all year.
Waters lying between the southerly limit of the C.N.R. right-of-way and Lake Ontario in the townships of Hope, Hamilton, Haldimand, Cramahe, Brighton and Murray excluding the Ganaraska River, Gages Creek, and Cobourg Creek (Factory Creek).	6	Atlantic salmon catch limit of one (1) - minimum length of 63 cm (24.8 in.).
Waters lying north of Hwy. 2 in the Town of Newcastle and in the townships of Hope, Hamilton, Haldimand, Cramahe, Brighton and Murray.	6	Pacific salmon open from Apr. 24 (last Sat.) - Sept. 30. Atlantic salmon open from Apr. 24 (last Sat.) - Sept. 30. Atlantic salmon catch limit of one (1) - minimum length of 63 cm (24.8 in.). Pacific salmon open from Apr. 24 (last Sat.) - Sept. 30. Atlantic salmon closed all year.

Lake Trout Fishing Opportunities . . . Now and in the Future

The Ministry of Natural Resources has changed lake trout and splake fishing regulations in **Divisions 7, 9, 10, 13, 15, and 29**, to develop consistent regulations, to protect naturally reproducing stocks of lake trout and to provide more fishing opportunities.

The new regulations adopt the following three approaches to managing lake trout fisheries:

- fisheries that are maintained by natural reproduction will continue to be regulated to control harvest at sustainable levels.
- fisheries that are not at risk, receive low fishing pressure or that are supported by hatchery stockings, will have increased angling opportunities with less restrictions on seasons and limits or size of lake trout harvested.
- fisheries that are maintained by hatchery stocking (put, grow and take fisheries), will continue to be stocked to support enhanced angling opportunities and will be open to fishing all year.

Splake and lake trout fisheries maintained by hatchery stocking will be open to fishing all year to allow anglers to take the fullest advantage of opportunities to harvest fish that were bought and paid for by fishing licence dollars. These opportunities have been expanded to offset more restrictive regulations that are required to protect naturally reproducing populations.

What's in it for you, the angler fishing for lake trout in Central Ontario? You can fish for a native, wild lake trout under fairly strict rules, though much of your catch will have to be released. Or, you can go to one of the many stocked lakes, where the fish are likely to be smaller, but more numerous, available year-round, and where there are no restrictions on the size of fish kept. Finally, you can go to a remote lake, where the chances of seeing another angler are small, and where you might still catch a trophy lake trout.

THE CHOICE IS YOURS!

Central Ontario

(Map C - Includes Divisions
2, 12, 13, 15, 16, 17, 27, and 28)

Check the Open Season Guide, Limits and Exceptions for this map area on the following pages.

Central Ontario (Map C)

Standard Catch and Possession Limits

See p. 7 for definition and Conservation Licence Limits.

Northern Pike

Catch limit: Six (6) in one day.
Div. 27: Four (4) in one day.

Walleye (Yellow Pickerel), Sauger or any combination thereof

Catch limit: Six (6) in one day.
Catch and possession limit: Div. 27: Four (4) in one day - no walleye between the sizes of 40 cm (15.7 in.) to 60 cm (23.6 in.); total length may be kept between May 22 (Sat. before Victoria Day) - Oct. 15.

Largemouth Bass, Smallmouth Bass or any combination thereof

Catch limit: Six (6) in one day.

Muskellunge

Catch limit: One (1) in one day.
Possession limit: Two (2).

Size limit:

- Divs. 16 & 17: minimum length of 102 cm (40 in.).
- Ottawa River (Div. 12): minimum fork length of 104 cm (41 in.).
- All other Map C Divisions: minimum length of 86 cm (34 in.).

Sturgeon

Catch limit: One (1) in one day.

Crappie

Catch limit: Div. 12: thirty (30) in one day.

Whitefish

Catch limit: Twenty-five (25) in one day except Ottawa River (Div. 12): five (5) in one day.

Yellow Perch

Catch and Possession Limit

- Div. 17: catch limit of fifty (50) in one day, possession limit of one-hundred (100), except Lake Wolsey: catch limit of twenty-five (25) in one day, possession limit of fifty (50).
- Div. 27 & 28: catch limit of twenty-five (25) in one day, possession limit of fifty (50).
- All other Map C Divisions: no limit.

Salmon and Trout

(see Definitions on p. 13)

If you are fishing for one species of salmon or trout refer to Part B: "Catch and Possession Limits for Individual Species of Salmon and Trout". If you are fishing for more than one species of salmon or trout refer to both Part A and Part B.

A. Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding Individual Species Limits listed in Part B or in the Exceptions to the General Regulations):

- Divs. 12, 13, 15 & 27: five (5) salmon and trout combined, in one day.
- Lake Huron, Georgian Bay (excluding Big Sound), and the North Channel (Divs. 2, 16 & 17): five (5) salmon and trout, but not more than three (3) may be lake trout, splake, and brook trout combined. See the Exceptions to the General Regulations on p. 35 for regulations affecting rainbow trout, lake trout, splake and backcross hybrid in the waters of Big Sound.

B. Catch and Possession Limits for Individual Species of Salmon and Trout (Subject to Combined Species Limits in Part A)

Brook Trout

- Div. 2, 16 & 17: Three (3) in one day.
- Divs. 12, 13, 15 & 27: Five (5) in one day.

Brown Trout

Five (5) in one day.

Rainbow Trout

Five (5) in one day.

Lake Trout

- Divs. 2, 16 (excluding Big Sound), 17 & 28: three (3) in one day.
- Ottawa River (Div. 12): two (2) in one day, zero (0) between 40 cm (15.7 in.) and 55 cm (21.7 in.) fork length*.
- Divs. 13, 15 & 27: two (2) in one day.

Splake

- Lake Huron, Georgian Bay (excluding Big Sound), and North Channel (Divs. 2, 16 & 17): three (3) in one day.
- Ottawa River (Div. 12): two (2) in one day.
- Div. 13, 15, 27 & 28: five (5) in one day.

Pacific Salmon

Five (5) in one day.

Atlantic Salmon

One (1) in one day.

Bait Restrictions

- You may use alewife and yellow perch, as well as baitfish, only in the Great Lakes including Georgian Bay - (Div. 16), Lake George, Munuscong Lake and the St. Mary's River.
- The use or possession of live baitfish and live or dead lake herring (cisco) is prohibited in Algonquin Provincial Park at all times.
- You may not use or possess live fish for bait in certain waters in the northern districts of, Nipissing, Timiskaming, and Parry Sound; the District Municipality of Muskoka; the counties of Haliburton, Renfrew, Peterborough and Hastings. Contact the local MNR office for more details.

General Notes

- Algonquin Park: All fishing is prohibited in Div. 13 from Jan. 1 - April 23 (Fri. before last Sat.) & Dec. 1 - Dec. 31.

- A recreational angler may have either an Ontario Resident licence or a Quebec Resident licence to fish in Div. 12 and Lake Timiskaming (Div. 18).
- Lake Nipissing: All angling in Div. 27 is prohibited from Mar. 8 - May 21 (Fri. before Victoria Day) & Oct. 16 - Dec. 31.

- St. Marys River, all waters east or down river of the compensation works at the head of the St. Mary's River rapids in Sault Ste. Marie and including Echo Bay are within Div. 17.

\$100.00 REWARD - for lake trout with internal tags identified by an external spaghetti

tag near the dorsal fin or pelvic fin. The date, time and location of capture should be submitted along with the entire fish (not gutted). For reward and pick-up locations please contact: Hammond Bay Biological Station, Millersburg, Michigan, 49759, (517) 734-4768 or after hours at (517) 733-8337.

Exceptions to the General Regulations - all dates inclusive.

Waters of Central Ontario (Map C)	Div	Exceptions
A.Y. Jackson Lake - Killarney Twp.	15	Fish sanctuary - closed all year.
Acid Lake - Killarney Twp.	15	Fish sanctuary - closed all year.
Acorn Lake - Richards Twp.	15	Live fish may not be used as bait.
Adams Lake - Cardiff Twp.	15	Live fish may not be used as bait.
Algonquin Park.	13	Fish sanctuary - no fishing from Jan. 1 - Apr. 23 (Fri. before last Sat.) & Dec. 1 - Dec. 31 The use or possession of live baitfish and live or dead herring is prohibited year round.
Allen Lake - Harcourt Twp.	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Amikogaming Lake - Carlyle Twp.	15	Fish sanctuary - closed all year.
Animoosh Lake.	13	Brook trout catch and possession limit of two (2) Brook trout minimum length of 36 cm (14 in.) Only artificial lures are allowed as bait.
Anstruther Lake - Anstruther Twp.	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.) Lake trout open May 15 (3rd Sat.) - Sept. 30.
Art Lake - Dysart Twp.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length Only one line may be used when angling through the ice.
Avery Lake - Sherborne Twp.	15	Live fish may not be used as bait.
Aylen Lake - Dickens Twp.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length Only one line may be used when angling through the ice.
Baptiste Lake - Herschel Twp.	15	Lake trout open from May 15 (3rd Sat.) - Sept. 30 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
Bark Lake - Jones and Iyell Twps.	15	Lake trout open all year except Dec. 24.
Bar River - (see Bar River - Macdonald and Laird Twps. in Northern Ontario - Map D).	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Basinhout Lake - Guilford Twp.	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Bay Lake - Faraday Twp.	15	Lake trout open May 15 (3rd Sat.) - Sept. 30 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
Bay Lake - Perry Twp.	15	Lake trout open all year except Dec. 24.
Bear Lake - Livingstone Twp.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length Only one line may be used when angling through the ice.
Beaver Lake - Cavendish Twp.	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Beaver Lake - Paxton Twp.	15	Live fish may not be used as bait.
Beech Lake - Stanhope Twp.	15	Lake trout open all year except Dec. 24.
Bell Lake.	15	Lake trout: closed all year.
Bella Lake - Sinclair Twp.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length Only one line may be used when angling through the ice.
Big Gibson Lake - Maria Twp.	15	Lake trout open all year except Dec. 24.
Big Limstone Lake - Brougham Twp.	15	Lake trout open all year except Dec. 24.
Big Sound of Parry Sound (Kilbear Channel) - waters between the Nias Islands and Cadotte Point of Parry Island.	16	Lake trout, splake and backcross hybrid closed all year.
Big Sound of Parry Sound - waters of Big Sound, including Depot Harbour, Parry Sound Harbour and the waters west of Parry Sound between Snake Island and the Nias Islands.	16	Lake trout, splake and backcross hybrid open from Jan. 1 - Sept. 30 Lake trout, splake and backcross hybrid catch limit - Jan. 1 - Feb. 7: zero (0) in one day; catch and release only, Feb. 8 - Mar. 31; one (1) which must be less than 60.96 cm (24 in.) in length in one day; Apr. 1 - June 23: zero (0) in one day; catch and release only, June 24 - Aug. 31; one (1) which must be less than 60.96 cm (24 in.) in length in one day; Sept. 1 - Sept. 30: zero (0) in one day; catch and release only. Only one line can be used when angling through the ice.
Big Sound of Parry Sound - waters of Parry Sound, including Depot Harbour and Parry Sound Harbour.	16	Rainbow trout catch and possession limit of three (3) Also see regulations listed in the previous Big Sound reference.
Bigwind Lake - Oakley Twp.	15	Lake trout open all year except Dec. 24.
Birchy Lake - Havelock Twp.	15	Live fish may not be used as bait.
Bitter Lake - Guilford Twp.	15	Lake trout open all year except Dec. 24.
Blackstone Lake - Conger Twp.	15	Live fish may not be used as bait.
Blackstone Lake and Creek - Lots 12, 13, 14 in Conc. XII - Conger Twp.	15	Lake trout open all year except Dec. 24.
Blackstone River and Harbour - Archipelago Twp., Lot 37, Conc. V.	15	Walleye catch limit of two (2); Conservation Licence of one (1), which must be less than 46 cm (18.1 in.) or greater than 70 cm (27.5 in.) in length.
Blairs Lake.	15	Fish sanctuary - no fishing from Apr. 1 - May 15.
Blairs Lake - Wicklow Twp.	16	Fish sanctuary - no fishing from Apr. 16 - May 31.
Blue Chalk Lake - Ridout Twp.	16	Brook trout minimum length of 28 cm (11 in.).
Blue Jay Creek from bridge on Conc. VI in Tekummah Twp., downstream to the mouth of Blue Jay Creek on Lake Huron.	15	Live fish may not be used as bait.
Blue Jay Creek - Tekummah Twp.	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Blue Point Lake - Livingstone Twp.	28	Fish sanctuary - no fishing from Mar. 1 - May 7 (Fri. before 2nd Sat.).
Bob Lake - Lutterworth Twp.	15	Fish sanctuary - no fishing from Mar. 1 - May 7 (Fri. before 2nd Sat.).
Bonito Lake.	15	Live fish may not be used as bait.
Bonnechere River and the expansions being Sicards, Square, Wilson and Kranz Bays and Griffins Narrows - North Algoma, Hagarty and Richards Twps.	13	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Boshkung Lake.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Bottle Lake - Cavendish Twp.	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Boulder Lake - McClure Twp.	15	Fish sanctuary - no fishing from Oct. 1 - Dec. 31.
Boundary Lake - Hansen & Coschen Twps.	15	Fish sanctuary - closed all year.
Bow Lake - Snowden Twp.	15	Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
Bright Lake - McClintock Twp.	15	Live fish may not be used as bait.

- 15 Lake trout open all year except Dec. 24.
- 15 Live fish may not be used as bait.
- 15 Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
- 13 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
- 15 Lake trout open all year except Dec. 24.
- 15 Live fish may not be used as bait.
- 15 Walleye open from Jan. 1 - Mar. 15 and May 22 (Sat. after 3rd Fri.) - Dec. 31.
- 15 Live fish may not be used as bait.
- 7 Muskellunge minimum length of 102 cm (40 in.).
- 15 Lake trout open all year except Dec. 24.
- 15 Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.).
- 15 Lake trout open all year except Dec. 24.
- 15 Lake trout open all year except Dec. 24.
- 15 Brook trout open Apr. 29 - Sept. 30.
- 15 Live fish may not be used as bait.
- 15 Live fish may not be used as bait.
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
- 15 Fish sanctuary - no fishing from Dec. 1 - May 14 (Fri. before 3rd Sat.).
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
- 2 Walleye catch limit of zero (0); Apr. 15 to May 14 (Fri. before 3rd Sat.).
- 15 Live fish may not be used as bait.
- 15 Walleye open May 15 (3rd Sat.) - Nov. 30.
- 15 Live fish may not be used as bait.
- 15 Lake trout open all year except Dec. 24.
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
- 15 Lake trout open all year except Dec. 24.
- 15 Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.).
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
- 15 Walleye open from Jan. 1 - Mar. 15 and May 22 (Sat. after 3rd Fri.) - Dec. 31.
- 13 Brook trout catch & possession limit of two (2).
- 13 Brook trout minimum length of 36 cm (14 in.).
- 15 Only artificial lures are allowed as bait.
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
- 13 Brook trout minimum length of 28 cm (11 in.).
- 15 Only one line may be used when angling through the ice.
- 13 Brook trout catch & possession limit of two (2).
- 13 Brook trout minimum length of 46 cm (18 in.).
- 15 Only artificial lures are allowed as bait.
- 15 Live fish may not be used as bait.
- 15 Fish sanctuary - closed all year.
- 15 Fish sanctuary - closed all year.
- 13 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
- 15 Only one line may be used when angling through the ice.
- 15 Walleye catch limit of two (2) which must be less than 35.6 cm (14 in.) in length.
- 15 Lake trout open all year except Dec. 24.
- 15 Live fish may not be used as bait.
- 15 Lake trout open all year except Dec. 24.
- 15 Live fish may not be used as bait.
- 15 Live fish may not be used as bait.
- 15 Live fish may not be used as bait.
- 15 Fish sanctuary - no fishing from Mar. 16 - May 14 (Fri. before 3rd Sat.).
- 15 Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
- 15 Only one line may be used when angling through the ice.
- 15 Fish sanctuary - no fishing from Mar. 6 (1st Sat.) - May 14 (Fri. before 3rd Sat.).
- 15 Live fish may not be used as bait.

(Map D - Includes Divisions 12,14,18,19,20,21,22,22A
23,24,25,26,30,31,32,33 and 34)

The Nipigon River System, including Helen and Jessie Lakes, is entirely within Division 21.

Islands of Nipigon Bay of Lake Superior are included in Division 21.

Lower Twin and Cordingley Lakes are in Division 33.

Division 34 includes Lake Nipigon and all waters on the islands: Forgan, Bonner, Little Bonner, and Jackpot Lakes.

St. Joseph Island is in Division 2.

NORTHERN ONTARIO

Northern Ontario Regulations (Map D) - Open Season Guide

NOTE: Check exceptions to seasons for specific lakes and streams on pgs. 46 to 68.

Northern Ontario (Map D)

Standard Catch and Possession Limits

See p. 7 for definition and Conservation Licence Limits.

ATTENTION ALL ANGLERS:

- No person who is fishing from a vessel in the waters of Lake of the Woods, Shoal Lake, Cul de Sac Lake, Obabikone Lake, Rainy River, Rainy Lake and the Seine River System upstream to the Crilly Dam, situated immediately north of Hwy. 11 including Grassy Lake, Shoal Lake, Wild Potato Lake and Partridge Crop Lake shall possess more fish of any species on board the vessel than the daily fishing quota for that species of fish.
- No person shall possess any live fish other than baitfish, taken by angling from the waters of Division 30 known as Lac Seul, Broad and Sunlight Lakes and connecting waterways, the Rice River (Twin Flower Creek System) (49°56'30"N., 91°56'W.), Pelican Lake (Divs. 22 & 31) (50°07"N., 91°58'W.), Minnitaki Lake (49°58'N., 92°00'W.), Abram Lake (50°04'N., 91°57'W.), Hidden Lake (50°07'N., 91°45'W.), Duck Lake (50°06'50"N., 91°56'10"W.), Botsford Lake (50°08'N., 91°38'W.) and connecting waters in Division 22 & 31.
- Div 34 - no person shall possess any live brook trout or lake trout.

ATTENTION NON-RESIDENT ANGLERS:

If you are fishing in the waters of Division 22 please read the section on International Border Waters on p. 2.

Northern Pike

- Divs. 20, 21, 22, 24, 30 - 33:
 - catch limit: four (4), none between 70 - 90 cm (27.5 - 35.4 in.) and only one (1) greater than 90 cm (35.4 in.).
 - size limit applies to Conservation Licence limit of two (2).
- Div. 22A: catch limit of six (6), only one greater than 70 cm (27.5 in.).
- Div. 34: catch limit of four (4), only one greater than 70 cm (27.5 in.).
- All other Map D divisions: six (6) in one day.

Walleye & Sauger or any combination thereof

- Div. 23: three (3) in one day.
- Divs. 20, 21, 22, 22A, 24, 30 - 34:
 - catch limit: four (4) in one day, only one (1) greater than 46 cm (18 in.).
 - size limit applies to Conservation Licence limit of two (2).
- All other Map D Divisions: six (6) in one day.

Largemouth Bass, Smallmouth Bass or any combination thereof

- Divs. 20, 21, 22, 22A, 24, 30 - 34
 - Dec. 1 - June 30, catch limit of two (2) in one day under 35 cm (14.75 in.)
 - July 1 - Nov. 30, catch limit of four (4) in one day.
- Conservation Licence limits:
 - Dec. 1 - June 30, one (1) in one day under 35 cm (14.75 cm.).
 - July 1 - Nov. 30, two (2) in one day.
- All other Map D divisions: catch limit of six (6) in one day.

Muskellunge

Catch limit:

- Lac Seul (Div. 30): zero (0) - catch and release only.
- All other Map D Divisions - One (1) in one day.

Possession limit: Two (2).

Size limit:

- Div. 22 & 22A: minimum length of 102 cm (40 in.).
- Div. 12 (Ottawa River) minimum fork length* is 104 cm (41 in.).
- All other Map D Divisions: minimum length is 86 cm (34 in.).

Sturgeon

Catch limit: One (1) in one day.

Size limit: Div. 21, 22 & 22A: Minimum length of 114 cm (45 in.)

Note: "length" means:

- a) with respect to a sturgeon from which the head has been removed, the distance measured from the mid-lateral point of the front cut edge of the skin to a point where the rear edge of the dorsal fin joins the flesh of the body, and
- b) with respect to a sturgeon with the head intact, the distance measured from the rear most limit of the gill opening to the point where the rear edge of the dorsal fin joins the flesh of the body.

Crappie

Catch limit: Divs. 12, 22 & 22A: thirty (30) in one day.

Whitefish

Catch limit: Twenty-five (25) in one day except Div. 12 (Ottawa River) five (5) in one day.

Yellow Perch

Catch Limit: No limit except Marshall, Ara, Meta, and Brace Lakes (Div. 20): twenty-five (25) in one day.

Salmon and Trout

(See Definitions on p. 13)

If you are fishing for one species of salmon or trout refer to Part B: "Catch and Possession Limits for Individual Species of Salmon and Trout". If you are fishing for more than one species of salmon or trout refer to both Part A and Part B.

A. Catch and Possession Limits for Salmon and Trout COMBINED

(Not exceeding Individual Species Limits listed in Part B)

- Div. 23 (Lake Superior): five (5) salmon and trout in one day, but not more than three (3) may be Lake Trout, Splake and Brook Trout combined and not more than two (2) of which can be rainbow trout, only one (1) less than 51 cm (20 in.) and one greater than 51 cm (20 in.) in length
- All other Map D Divisions: five (5) salmon and trout combined in one day, not exceeding the individual species limits.

B. Catch and Possession Limits for Individual Species of Salmon and Trout

(Subject to Combined Species Limits in Part A)

Brook Trout

Catch limit:

- Div. 23 (Lake Superior): three (3) in one day (note exception on p. 56).
- Div. 34: two (2) in one day.
- see exceptions table for General Areas of Map D where a limit other than five (5) applies.
- All other Map D Divisions: five (5) in one day.

Size limit:

- Divs. 20, 21 & 33: only one fish can be greater than 30 cm (12 in.) in total length.
- Div. 14: only one fish can be greater than 40 cm (15.7 in.) in total length.
- Div. 34: minimum length of 46 cm (18 in.).

Brown Trout

Five (5) in one day.

Rainbow Trout

Five (5) in one day.

- Div. 23 (Lake Superior) and all tributaries to 18, 19, 21 & 33: two (2) in one day, only one (1) less than 51 cm (20 in.) and one greater than 51 cm (20 in.) in length.

Lake Trout

- Divs. 20, 21, 22, 22A, 24, 30 - 33:
 - catch limit: two (2) in one day.
 - Sept. 1 - 30:
 - one (1) in one day greater than 56 cm (22 in.)
 - size limit applies to Conservation Licence limit of one (1).
- Div. 12: catch limit: two (2) in one day, none between 40 - 55 cm (15.7 - 21.7 in.) in fork length.
- Div. 34: catch limit: two (2) in one day, only one (1) greater than 70 cm (27.6 in.).
- All other Map D divisions: three (3) in one day.

Splake

Five (5) in one day, except:

- Div. 23: three (3) in one day
- Ottawa River (Div. 12): two (2) in one day.

Aurora Trout

Zero (0) in one day except in Reed Lake, Bryce Twp., and Carol Lake, Beulah Twp. (Div. 19), which have a catch and possession limit of one (1) in 1999.

Pacific Salmon

Five (5) in one day.

Atlantic Salmon

Catch Limit: One (1) in one day.

Bait and Gear Restrictions

- In Div. 14 recreational fishers are permitted to possess and use only single-pointed barless hooks. A line may only have one single-pointed barless hook attached to it.
- You may use alewife and yellow perch, as well as baitfish, in the Great Lakes including Lake Superior.
- You may not use or possess live fish for bait in
 - Divs. 14 & 24;

- certain waters in the territorial districts of Algoma, Cochrane, Kenora, Nipissing, Sudbury, Thunder Bay and Timiskaming. Check with the local MNR office for specific waters.
- Div. 34:
 - when angling through the ice, artificial lures must be used.
 - barbless hooks must be used all year, on all gear.
 - no person shall possess or use stringers or live holding pens.

General Notes

- Divs. 18, 19, 20, 22, 31 & 33: Some waters have year round open season on brook trout. These waters are listed in the Ontario Fishery Regulations. Please contact the local MNR office for more information.
- St. Marys River, all waters west or up river from the compensation works at the head of the St. Marys River rapids in Sault Ste. Marie, including Lake Superior are within Div. 23.

Pending Changes

Changes to the fishing regulations are being considered for the following:

- non-residents camping on Crown land in north-western Ontario.
- standardizing the yellow perch and black crappie regulations for northwestern Ontario.
- northern pike regulations in Div. 22A.
- aurora trout regulations in Liberty Lake in Div. 18.

Please contact your local MNR for details.

Exceptions to the General Regulations (also see General Areas listed on p. 68) - all dates inclusive.

Waters of Northern Ontario (Map D)	Div	Exceptions
Abie Lake	32	Walleye closed all year.
Abney Lake.	19	No walleye may be between 40 cm (15.7 in.) and 50 cm (19.7 in.) inclusive.
Abney, Biscotasi, Earl, Elbow, First, Houghton, Indian, Lost, Made Mischap, Ramsey, Skelton, Soule, Swallow and Zac Lakes and all connecting waters.	19	No walleye may be between 40 cm (15.7 in.) and 50 cm (19.7 in.) inclusive.
Abram Lake (see Rice River).	22	
Adrian Lake - Adrian Twp.	22	No brook trout size restrictions.
Agimack River and Little Indian Lake downstream from Sandbar Lake to the mouth of Agimack River where it enters Indian Lake - Ouar Twp.	22	Fish sanctuary - no fishing from Apr. 15 - June 14.
Albany River, from Achopi Lake to 89°00' W.	31	Brook trout open from Jan. 1 - Aug. 31
Alberta Lake (48°52'N., 86°03'W.).	31	Brook trout catch limit of two (2) in one day; minimum length of 51 cm (20 in.).
Alder Creek from the culvert at Hwy. 17 downstream to Cedar Lake and 200 m (656 ft.) out from the creek mouth into Cedar Lake.	19	No live baitfish.
Alder Lake (89°45'N., 48°30'W.).	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
Aldina Lake - Aldina Twp.	21	Fish sanctuary - closed all year.
Alexander Lake - McEvey Twp.	21	No brook trout size restrictions.
Alexandra (Indian) Lake.	21	Fish sanctuary - closed all year.
Alford Lake - Graves Twp.	22	Muskellunge minimum length of 86 cm (34 in.).
Alph Lake (50°18'N., 86°40'W.).	31	Fish sanctuary - closed all year.
Allan Creek Peterson Twp. flowing into South Old Woman River.	20	Walleye closed until May 16, 2003.
Alvin Lake - Bradburn Twp.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Ambrose Lake (87°21'N., 48°55'W.).	19	Brook trout open all year.
Anahareo Lake Doucett Twp.	33	No brook trout size restrictions.
Angel Lake (86°52'N., 48°46'W.).	19	Fish sanctuary - no fishing from Jan. 1 - Feb. 14 & Mar. 16 - May 15 (3rd Sat.).
Anima-Nipissing River Banting Twp. from 100 m (328 ft.) in an arc extending out into Red Square Lake to a point upstream 400 m (1,312 ft.).	33	No brook trout size restrictions.
Annie Lake - Beulah Twp.	18	Fish sanctuary - no fishing from Mar. 16 - May 14 (Fri. before 3rd Sat.).
Annis Lake (50°30'N., 91°48'W.).	19	Brook trout open all year.
Anteater Lake - Territorial District of Kenora	31	Fish sanctuary - no fishing from Jan. 1 - Feb. 28 (last day) & Apr. 1 - Dec. 31.
Anthead Lake (49°58'N., 80°40'W.).	22	Brook trout open all year, except Dec. 24.
Ara Lake.	19	Fish sanctuary - no fishing from Nov. 1 - May 14 (Fri. before 3rd Sat.).
Argon Lake Grand Trunk Pacific Block 2.	20	Yellow perch catch limit of twenty-five (25) in one day.
Armstrong Lake.	21	Fish sanctuary - closed all year.
Arpin Lake.	22	Muskellunge minimum length of 86 cm (34 in.).
Arrow Lake.	22	Spoke open from Jan. 1 - Dec. 24 & Dec. 26 - Dec. 31.
Arrow Lake - Sheraton Twp.	21	Walleye - not more than one (1) greater than 50 cm (19.7 in.) in length.
Arrow River.	21	Brook trout open all year.
Arrow River - between Arrow Lake (Hardwick Twp.) and Pigeon River (Devon Twp.).	21	Catch and possession limit of five (5) salmon and trout, none (0) of which can be brown trout
Aikameg Lake (48°51'N., 85°30'W.).	19	Brown trout open from Apr. 24 (1st Sat.) - Sept. 15.
Aikameg Lake (48°51'N., 85°30'W.) and all connecting waters and tributaries to the top of the first rapids or obstruction to fish.	19	Brown trout catch and release only.
Augusta Lake west of St. Germain Twp.	19	Barbless hooks must be used
Avery Lake - Frechette Twp.	19	Only artificial lures can be used as bait between the Robbins/Hartington Township Line and its confluence with the Pigeon River in Devon Twp.
Axe Lake - Ivanhoe Twp.	19	Only artificial flies can be used as bait between the dam on Arrow Lake (Hardwick Twp.) and the Robbins/Hartington Township line.
Badgerow Lake - Badgerow Twp.	21	Live fish may not be used as bait.
Balancing Lake (49°50'N., 86°18'W.).	19	Lake trout closed all year.
Banana Lake - Dolans Twp.	19	No walleye may be between 36 cm (14.2 in.) and 43 cm (16.9 in.) in length
Bar River - Laird Twp.	19	Fish sanctuary - closed all year.
Bar River - MacDonald and Laird Twp.	19	Lake trout open from Feb. 15 - Mar. 15 & May 15 (3rd Sat.) - Sept. 30.
Barager's Lake - Garibaldi Twp.	19	Brook trout open all year.
Bare Tent Lake (48°26'N., 84°33'W.) and all connecting waters and tributaries to the top of the first rapids or obstruction to fish.	18	Fish sanctuary - no fishing from Mar. 16 - May 14 (Fri. before 3rd Sat.).
Barnard Creek between Fourbay Lake and Eady Lake.	33	Brook trout and spoke open all year except Dec. 24.
Barnet Lake - Leask Twp.	19	No brook trout size restrictions.
Batchawana Lake - Norbert Twp.	19	Fish sanctuary - no fishing from Apr. 1 to June 15.
	19	Brook trout open all year.
	18	Walleye catch and possession limit of two (2) in one day, not more than one (1) greater than 40 cm (15.7 in.) in length and not more than one (1) less than 40 cm (15.7 in.) in length.
	22	Fish sanctuary - no fishing from Apr. 15 - June 14.
	19	Lake trout open from Feb. 15 - Mar. 15 & May 15 (3rd Sat.) - Sept. 30.
	18	Fish sanctuary - closed all year.

19	Lake trout open from Feb. 15 - Mar. 15 & May 15 (3rd Sat.) - Sept. 30.
19	Lake trout open from Feb. 15 - Mar. 15 & May 15 (3rd Sat.) - Sept. 30.
19	Fish sanctuary - no fishing from Apr. 1 - June 14.
19	Fish sanctuary - no fishing from Nov. 1 - May 14 (Fri. before 3rd Sat.).
21	No brook trout size restrictions - brook trout and spoke open all year except Dec. 24.
18	Fish sanctuary - no fishing from Apr. 15 - June 15.
21	No brook trout size restrictions - brook trout and spoke open all year except Dec. 24.
21	Brook trout and spoke open all year except Dec. 24
22	No brook trout size restrictions.
22	Walleye closed all year.
19	Fish sanctuary - closed all year.
19	No walleye may be between 36 cm (14.2 in.) and 43 cm (16.9 in.) in length.
19	Lake trout closed all year.

Waters of Northern Ontario (Map D)	Div	Exceptions
White Lake, Shabotik River, Kwinkwaga River - the part of Shabotik Bay 850 m (2,790 ft.) southwest of the mouth of the Shabotik River north to the west tip of the low island along the north shore of Shabotik Bay about 1,050 m (3,445 ft.) northwest of the mouth of the Shabotik River; the Shabotik River from White Lake upstream to the top of the first rapids about 350 m (1,148 ft.) above the confluence with the Kwinkwaga River; and the Kwinkwaga River upstream to Atikameg Lake.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
White Lake, Olga Creek, and McGill Creek (unsurveyed territory) - part of Shabotik Bay from a point 300 m (984 ft.) west and southeast to the point 650 m (2,133 ft.) east of the mouth of Olga Creek, and Olga Creek upstream from the lake 2 km (6,560 ft.) to a small lake; and McGill Creek from Olga Creek 1 km (3,280 ft.) upstream to Atikameg Twp.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
White Lake and White River. The bay of White Lake south of a line from the northeast corner of Regan Pt. east to the eastern shore of White Lake at the road from the Mobert subdivision, and the White R. from White Lake upstream 700 m (2,300 ft.) to the bridge on the Mobert Road (Lalabeg Twp.).	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
White Bark Lake - Reaney Twp.	19	Brook trout open all year.
White Otter Lake (49°07'N, 91°52'W).	32	Fish sanctuary - no fishing from May 15 - June 15.
White Pine Lake - Gamble Twp.	18	Fish sanctuary - closed all year. Live fish may not be used as bait.
White Pine Lake - McLeod Twp.	18	Fish sanctuary - closed all year.
White Rock Lake - McNie Twp.	18	Fish sanctuary - closed all year.
Whiteass Lake (51°11'N, 94°03'W).	31	Fish sanctuary - closed all year.
Whitebar Lake - Sayer Twp.	31	Fish sanctuary - closed all year.
Whitesley Lake.	18	Fish sanctuary - no fishing from Jan. 1 - Feb. 14; Mar. 15 - Apr. 23 (Fri. before last Sat.) & Oct. 1 - Dec. 31.
Whitesh Channel (Whitesh Creek) City of Sault Ste. Marie, between St. Mary's Island and Whitesh Island.	33	Northern pike - not more than one (1) greater than 70 cm (27.5 in.) in length.
Whitesh Lake.	18	Fish sanctuary - closed all year.
Whitesh Lake and Shikwamka River Maness Twp. from 820 m (2,690.6 ft.) below Bailey Bridge site to 200 m (656 ft.) above Bailey Bridge site.	21	Walleye - not more than one (1) greater than 50 cm (19.7 in.) in length.
Whitlock Lake (49°51'N, 91°15'W).	18	Fish sanctuary - no fishing from Mar. 15 - June 15.
Whitewater Lake.	22	Walleye catch limit zero (0) in one day (catch & release only).
Whitman Creek - Daumont and Gaudette Twps., between Devil's (Deil) Lake and the Goulais River.	33	Northern pike - not more than one (1) greater than 70 cm (27.5 in.) in length.
Whitney Lake.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Whopper Lake - Whalen Twp.	22	Muskellunge minimum length of 86 cm (34 in.).
Whitstead Lake - Kenny, Gladman, Flett, Gdaderham, Milne Twps.	19	Brook trout open all year.
Wild Potato Lake.	18	Fish sanctuary - no fishing from Jan. 1 - May 14 (Fri. before 3rd Sat.).
Wilderness Lake - Gamble Twp.	22	No person shall possess more fish of any species on board the vessel than the daily fishing quota for that species of fish in the waters where the person is fishing, regardless of where the fish were caught.
Wildgoose Lake - McCann Twp.	18	Walleye catch and possession limit of three (3) in one day, with not more than one (1) over 70 cm (27.5 in.). Legal size: over 34.9 cm (13.7 in.) and under 45.1 cm (17.8 in.) or over 70 cm (27.5 in.) (subject to Non-resident International Border Water regulations listed on p. 2).
Wilroy Lake (89°47'N, 48°29'W).	21	Live fish may not be used as bait.
Wine Lake.	19	Walleye closed to Fri. before the 3rd Sat. in May, 2000.
Wine Lake - Whalen Twp.	21	Fish sanctuary - closed all year.
Winnipeg River from Norman Dam to Whitedog Dam including Big Sand, Gunn, Little Sand and Lost Lakes.	22A	Northern pike - no fishing from Apr. 15 - May 21 (3rd Fri.).
Winnipeg River system from Norman Dam to the Manitoba Border, excluding Muriel Lake and Middle Lake.	19	Brook trout open all year.
Winnipeg River (west branch) from Norman Dam to westerly tip of Tunnel Island and northerly point of Patent Property A-16.	22	Muskellunge minimum length of 122 cm (48 in.).
Wishart Lake - Wishart Twp.	22	Walleye open from Jan. 1 - Mar. 13 & May 15 (3rd Sat.) - Dec. 31.
Wiskin Lake - Colquhoun Twp.	22	Fish sanctuary - no fishing from Apr. 1 - May 31.
Wolf Lake - Sisk Twp.	18	Fish sanctuary - closed all year.
Wolverton Lake - Michie Twp.	19	Brook trout open all year.
Woods Lake - Alton Twp.	18	Live fish may not be used as bait.
Wooley Lake.	19	Brook trout open all year.
Wright's Lake - Whalen Twp.	18	Fish sanctuary - no fishing from Jan. 1 - Jan. 31.
Wuski Lake - Reaney Twp.	19	Walleye open from May 17 - Dec. 31.
Wyfie Lake.	19	Brook trout open all year.
Wynn Lake - Arnold Twp.	33	Fish sanctuary - closed all year 1999 to 2002 incl. Specific walleye restrictions will apply in 2003.
Yesterday Lake (49°50'N, 80°43'W).	19	Barbless hooks must be used at all times.
Yesterday River Lake (49°49'N, 80°46'W).	19	Fish sanctuary - closed all year 1999, 2000, 2002, 2003, 2005, & 2006
Young Lake - Arnot Twp.	25	Aurora trout open from Aug. 1 - Oct. 15, fish sanctuary remainder of year 2001, 2004, & 2007.
Young Lake (49°51'N, 91°13'W).	19	Live fish may not be used as bait.
Yooas, Graham, Little Pic and Sun Lakes.	19	Fish sanctuary - no fishing from Nov. 1 - May 14 (Fri. before 3rd Sat.).
Zeemel Lake, including the Passemine River upstream to 300 m (994 ft.) above the Musselwhite Mine Road.	25	Fish sanctuary - no fishing from Nov. 1 - May 14 (Fri. before 3rd Sat.).
Zac Lake.	19	Brook trout open all year.
	22	Walleye catch limit zero (0) in one day (catch & release only).
	23	Lake trout aggregate catch limit of one (1) for these lakes
	24	Fish sanctuary - closed all year.
	19	No walleye may be between 40 cm (15.7 in.) and 50 cm (19.7 in.) inclusive

General Areas of Map D	Div	Exceptions
All lakes in/partially in Esker Lakes Provincial Park All waters in Scherbro, Scriven, Wey/White, Wasey, Bracon and Tupper Twps.	19	Live fish may not be used as bait. Fish Sanctuary - no fishing from Jan. 1 - Feb. 14; Mar. 16 - May 14 (Fri. before 3rd Sat.); Oct. 1 - Dec. 31 Walleye open from Feb. 15 - Mar. 15 & May 15 (3rd Sat.) - Sept. 30. Brook trout open from Feb. 15 - Mar. 15 & May 15 (3rd Sat.) - Sept. 30. Lake trout open from Feb. 15 - Mar. 15 & May 15 (3rd Sat.) - Sept. 30* Catch and possession limit of three (3) walleye Lake trout catch limit of two (2) in one day. Live fish may not be used as bait.
All waters in the townships of Broughton, Atkinson, Cooper, Doucette, Nameigos, McGowan and Mosambik. All those waters in the territorial districts of Algoma and Cochrane lying within a line described as follows: Beginning at the intersection of the west bank of the Kabinakagami River and the south boundary of the geographic twp. of McFarlan; thence westerly along the southern boundary of the geographic twps. of McFarlan, Dowdley, Newlands and Elgie; thence northerly along the western boundary of the geographic twps. of Elgie and Frost; thence westerly along the southern boundary of the geographic twp. of Mercer; thence northerly along the western boundary of the geographic twps. of Mercer, Kohler, Shovel and Burrell to the northwest corner of the geographic twp. of Burrell; thence westerly along the northern boundary of the geographic twp. of Bicknell to the northwestern corner of that geographic twp.; thence northerly to the 7th base line; thence easterly along the 7th base line to the west bank of the Naganagami River; thence southerly along the water's edge of the Naganagami River to the Kabinakagami River; thence along the water's edge to the west bank of the Kabinakagami River to the place of beginning. Lake Superior Provincial Park and the surrounding twps. of Redsky and Restoule (except Anigami Lake), Roy, Stoney, Suganageb, Barnes, Beaudin, Bullock, Cannard, Greenwood, Groetenboer, Labonte, and Larson Home and Peever north of the Montreal River. Lake Superior Provincial Park and surrounding waters. Obatogo Provincial Park (all waters).	19	Brook trout catch limit of two (2) in one day, not more than one (1) greater than 40cm (15.7 in.) in length and not more than one (1) less than 40cm (15.7 in.) in length. Brook trout catch limit of seven (7) in one day.
Pukaskwa National Park and the surrounding waters south of a line running west from the south boundary of Knowles twp. and east of the Thunder Bay - Algoma District Boundary, and including the waters of Poket Creek and Soulier Lake and all waters tributary to the Pukaskwa River in the Algoma District. Pukaskwa National Park - waters east of the park, within the following boundary: BEGINNING at the southwest corner of Legarde Twp., then west along the projection of the southeast boundary of Legarde Twp. to the east boundary of Pukaskwa National Park, then northerly along the Park boundary to the northeast corner of Pukaskwa National Park, then in a straight line easterly to the northwest corner of Memaskosh Twp., then east along the north boundary of Memaskosh Twp., then south along the east boundary of Memaskosh and Charbonneau Twps., then west along the south boundary of Charbonneau Twp., then south along the east boundary of Keating Additional and Legarde Additional to the beginning; and including the waters of Little Beaver Lake, Coronation Creek, Coronation Lake and their tributaries in Keating Twp., and the tributaries of Farwell Creek in Legarde Twp.; but not including the waters of East Pukaskwa Lake (48°06'N, 85°36'W). Quebec Provincial Park. Waters within boundaries of Hwy. 17 on the north, west shore of Eagle and Teggau Lakes on the east, Highwind Lake Road on the south to the junction of Hwy. 17 and 71 including Winnage, Hawk, Dogtooth and Highwind Lakes.	18	You may not use live baitfish for bait.
	18	You may not use live baitfish for bait.
	19	Walleye catch and possession limit of two (2) in one day, not more than one (1) greater than 40 cm (15.7 in.) in length and not more than one (1) less than 40 cm (15.7 in.) in length.
	19	You may not use live baitfish for bait
	19	Brook trout catch & possession limit two (2) in one day.
	21	You may not use or possess live baitfish for bait.
	22	Walleye must be less than 50 cm (19.7 in.) or greater than 65 cm (25.6 in.) and not more than one (1) over 65 cm (25.6 in.) in length Barbless hooks must be used at all times.

Be part of the Hydroelectric Safety Team!

For over a century, people have been drawn to scenic generating stations and dams along Ontario's waterways. But there's danger in being drawn too close to the powerful surge of water from dams or spillways.

Here are a few suggestions that should travel with you each time you visit a Hydroelectric station or dam:

When boating or fishing . . .

- approach stations slowly. Always wear a personal flotation device.
- watch for warning signs or barriers, above or below dams, and stay a safe distance outside of them.
- stay clear of the "headpond" or "tailrace" water at dams and spillways, water level and flow can change without warning. It can quickly swamp your power vessel, canoe or kayak, and put you in the grip of an undertow.
- don't wade into moving water. Be sure of your footing and watch for obstacles.
- stay sober. Drinking and operating a power vessel is just as dangerous and illegal as drinking and driving a car.

When Swimming . . .

- stay away from dams and spillways where strong undertows and turbulence can overcome you without warning. Obey all "No Swimming" signs.
- always swim with a buddy.
- never dive or jump from structures into the water.

If you fall into the headwaters above a dam, or into the tailrace area below, swim diagonally to shore with the current or edge along the floating barrier in the headwaters to shore. Do not try to retrieve a swamped vessel.

When hiking . . .

- don't climb station or dam structures. Use only clearly indicated walkways, observation points and stairways.
- stay back from the edge of a waterway because footing may be slippery. If you must walk near water after dark, use a flashlight. In the winter, never go out on the ice because moving water underneath keeps the ice thin.

Take Safety with You to Hydroelectric Stations and Dams

Energizer is Hooked On Catch & Release

Ontario's lakes and rivers provide some of the best fishing in the world. Let's keep it that way. Join Energizer in supporting and practicing "Catch and Release". By following the basics of "Catch and Release", we can all ensure the great sport of fishing keeps going and going in Ontario for years to come.

Here's Another Great Tip!

Before you head for the lake, head for your favourite fishing supply retailer and pick up the Energizer 6 Volt Lantern Battery Fisherman Pack and an Eveready flashlight or lantern.

With your long-lasting Energizer batteries, durable Eveready flashlight or lantern and your commitment to catch and release, you can keep the enjoyment of fishing going and going and going.

Energizer®

It Takes One... To Make One!

"Remember that first tug on your line? Or the thrill you felt at the sight of your first fish as it cleared the water? Well now it's your turn to share that experience with someone you care about."

(Bob Izumi & his son Darren)

Here in Ontario fishing is part of our heritage. For generations, anglers have passed on their love of the sport to family and friends.

Make a Difference In Someone's Life... Take Them Fishing!

ANGLERS PLAY AN ESSENTIAL ROLE in the future of our fisheries resources. Through the revenues from their licences, anglers directly support the fish and wildlife management programs of the Ministry of Natural Resources. Fish and wildlife clubs, conservation organizations and individuals like you contribute labour and resources in restoring and enhancing fish populations and fisheries habitat throughout Ontario.
